

WILLIAM H. TAFT ACCEPTS NOMINATION FOR PRESIDENT

SENTIMENT FOR HEARST IS STRONG IN NEW PARTY

JUDGE R. R. LYON
Of New York, Who Will Be Presented by the New York Delegation to the
Independence Party Convention as Their Candidate for the Presidency.

Pennsylvania Declares for Him in Spite of Refusal.

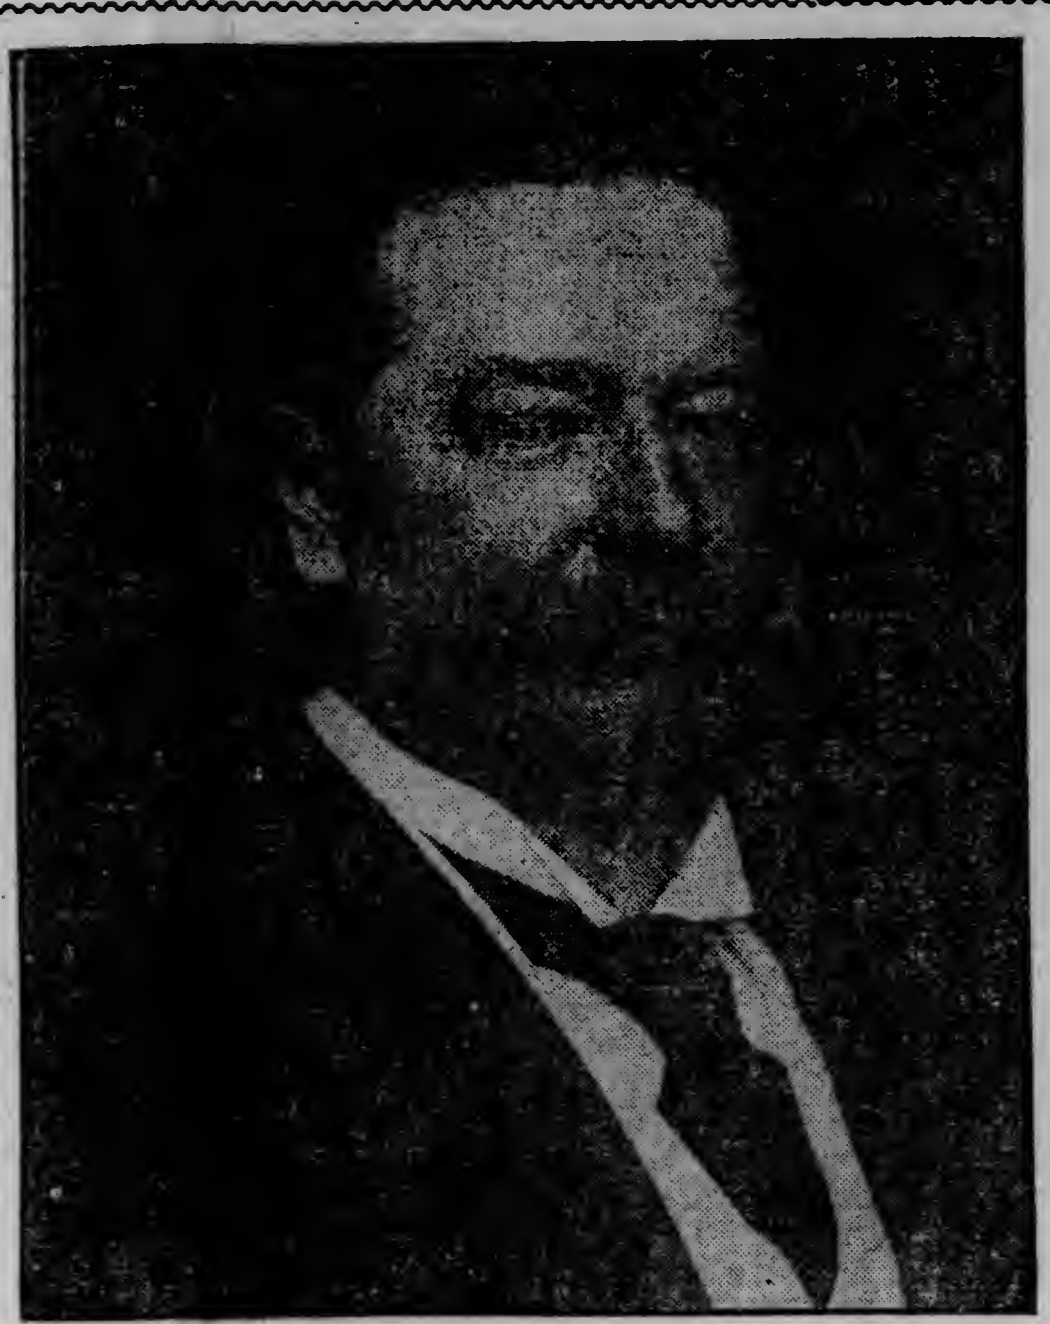

Resolutions Committee Hard at Work on the Platform.

Nominations Are Not Likely Before Evening Session.

Chicago, July 28.—The Independence party, which last night launched itself fully into American politics by opening its first national convention, was early today busily engaged in the construction of its initial platform and in the selection of its first presidential candidate.

The enthusiasm shown by the delegates last night was a happy omen of the future of the organization, and they labored today with great cheerfulness on their first declaration of principles. The resolutions committee, which organized last night immediately after the convention by the selection of Howard S. Taylor of Chicago as chairman, continued its work far into the night and was hard at it at an early hour today. Whether or not the nomination is to be the result of dictation from any source, there can be no possible doubt that the platform, when finally promulgated, will be the outcome of a discussion entirely free.

GOVERNOR'S BIRTHDAY

Minnesota's Executive Passes Forty-Seventh Milestone.

Warsaw, Ind., July 28.—John A. Johnson of Minnesota, passing through Warsaw, en route from Celina, Ohio, to Elkhart, Ind., where he speaks today, was asked for an opinion as to what part the Independence party would play in the election of this fall. He replied that it was just rounding into form, and that while it was, therefore, difficult to predict what it would accomplish, the party would probably make itself felt. As to the situation in his own state, he said:

"Minnesota is normally Republican. It is a little far in advance to tell what the state will do this fall, but we will make a fight there."

Today is Governor Johnson's 47th birthday. He is pretty well worn out by three weeks of speaking at various chautauquas.

RUPTURE IS DIPLOMATIC

Rumors of Bombardment of Venezuela by Holland Premature.

The Hague, July 28.—The talk of a bombardment by Holland of any Venezuelan port or ports or even a naval demonstration in Venezuelan waters, as a result of the difficulty between the Netherlands and the government of President Castro, was today characterized in official circles as premature. The rupture between the Netherlands and Venezuela, it is explained, was up to the present time, diplomatic only. The Netherlands cruiser, Gelderland, was ordered to Porto Cabello to watch over Dutch interests, should occasion arise.

The foreign office has instructed Minister de Reus, who was expelled from Venezuela by President Castro, to come here immediately and report fully on the existing situation.

WORD FROM THE FLEET.
On Board U. S. S. Connecticut, by wireless to Honolulu, July 28.—The position of the Atlantic battleship fleet at 8 p. m. Monday was in latitude 22 degs. 28 minutes north, longitude 165 degs. 15 minutes west, the distance from Honolulu being 1,250 miles. The weather was fine, with the southeast trade winds blowing. The day was uneventful.

INDUSTRIOUS INCENDIARY KEEPS DEPARTMENT BUSY

Ten Fires Occur in City of Minneapolis in Half an Hour and Within Three Blocks.

Minneapolis, July 28.—(Special to The Herald.)—Ten blazes within half an hour and within a radius of three blocks, all started by an industrious incendiary whose identity is still unknown, kept the lower wholesale district of Minneapolis in a turmoil last evening and furnished considerable work for the fire department. In every instance the fires were quickly extinguished and the loss suffered was small.

Samuel Zimmerman of Zimmerman & Stone discovered the first fire in the rear of the Hennepin Trading House Furniture store, 114 Hennepin avenue, shortly after 6 p. m. He immediately turned on an alarm and while watching the flames from the rear window of his stable discovered that his own building at 12 First street north, was on fire. Hurrying around to the side he pulled out a large bundle of burning paper which had set fire to the hay. Firemen soon arrived and both blazes were extinguished without much difficulty.

While they were fighting these fires the fire department members were summoned to the Northwestern hotel, 208 First street north. A pile of boxes in the basement of the building was blazing, but they were quickly extinguished. Then the firemen discovered that the barn of the Leo Express company, next door, was ablaze. Before they could put this out they were summoned to the stables of George Day,

20 First street north. They found the building a mass of flames, burning paper having apparently been thrown into the hay. Both blazes up merrily for some time.

Other Blazes Spring Up.
In the meantime a small blaze had been discovered by the rear of a barber shop at 14 First street north. After this had been extinguished, there was another surprise in store for the weary fire fighters.

"There's another fire," shouted some one, and the firemen rushed to 126 Second street north, where a shed belonging to B. Gordon, a script ion dealer, was a mass of flames. It was not long before the fire spread to Martin's saloon, 118 Second street north, but both blazes were shortly extinguished.

The total loss from all the fires will not amount to over \$1,000, but had they been started later in the evening, when it was dark and there were few people about, a fire would have resulted which would have threatened destruction to all that part of the city, for the buildings in the city are old and would have made good fuel for the flames.

Apparently the fire were all started by a firebug, who used large words of paper, saturated with oil, to ignite the buildings. As yet the police, who are working on the case, have made no arrests, though they have had description of one man who is under suspicion.

JAPS PREPARING A BIG WELCOME

Will Entertain Men of Battleship Fleet in Royal Style.

Tokyo, July 28.—In anticipation of the visit of the American fleet to Japan waters, the municipal bodies of more than one port have already taken initial steps to extend to officers and men a hearty and characteristically Japanese welcome. On July 7, the Yokohama municipality held a conference at which the members discussed the proposed reception in honor of the fleet, which is expected to arrive at Yokohama during October. N. Mitsunishi, the mayor, proposed that the city party should be held on the cruiser grounds, to which should be invited about 2,500 American officers and men, the American ambassador and his staff and that about 20,000 yen should be spent by the city on this entertainment. The proposal was unanimously carried. A bill providing for the expenditure will shortly be submitted to the city assembly. Leading citizens will also give a banquet at a foreign hotel in honor of the American officers. In addition to the above entertain-

WOMAN MARRIED TO MAN IN CELL

Foils Parents by Being Wed With Hand Through Bars.

Cripple Creek, Colo., July 28.—A marriage at the county jail took place under unusual circumstances last night when Prof. Hans Albert, a musician, formerly of Omaha, and Miss Grace Hubbard of Ottumwa, Iowa, daughter of the United States marshal at that place, were joined in matrimony. The bride, a blond, a Metrolite minister of Goldfield, Colo. Albert's arrest was caused Saturday by the girl's father to prevent the marriage, the charge being insanity. Last night Miss Hubbard and the minister visited the jail and asked to see her lover. The request was refused and the jailer, thinking the incident closed, went upstairs. During his absence, a box was placed outside Albert's cell window. Miss Hubbard mounted and clasping her lover's hand through the window, was made his wife.

HOLIDAY IN CINCINNATI

City in Gala Attire for the Notification of Taft.

Day Opens With Salute of Bombs From Hill Tops.

Presentation of Flag to Taft's Brother First Event.

Cincinnati, July 28.—Although showers had been predicted, the sun broke from a cloudless sky when the early morning haze had lifted from the city today and was shining undimmed when at the precise hour of 7 o'clock the notification day program formally was begun with a salute of bombs fired from the hill tops and exploding high in the air. The crash and echoes of the shots, reverberating from the seven hills, were heard throughout the city and far into the country, giving notice that the day Cincinnati had long awaited as a time of holiday and merrymaking had at last arrived.

Probably never before in its history has the city been more profusely decorated than now. Every day the streets are a mass of waving colors, while by night countless electric bulbs outline tall buildings in various-colored splendor and form decorative designs of unusual beauty. Following the suggestion of the local committee in charge of notification day arrangements, the American flag has been almost exclusively used in the decoration of the city and from practically every downtown building the Stars and Stripes were fluttering throughout the day. Several of the taller "sky scrapers" of the city, rising sixteen stories and more above the sidewalk, displayed a flag from every window.

The downtown streets and the thoroughfares leading to the residence of Charles P. Taft, at Fourth and Pike streets, were thronged with visitors, sightseers and residents of the city in the day's celebration. A military band in Government Square began at 8:30 o'clock the morning concert for the entertainment of the downtown crowds.

Hitchcock Arrives.
Frank H. Hitchcock, national chairman of the party and a member of the notification committee from Alaska, by proxy, arrived from Chicago during the morning. Before he had had breakfast he was taken to see him had been made by several of the state central and executive committees, and

SPEECH OF ACCEPTANCE

Discusses Chief Planks in Republican and Democratic Platforms.

Principal Function of the Next Administration Outlined.

To Maintain Standards and Not to Interfere With Business.

Cincinnati, Ohio, July 28.—Following is the speech delivered by William H. Taft today in reply to an address by Senator William Warner of Missouri, notifying him of his nomination by the Republican national convention for president of the United States:

Senator Warner and gentlemen of the committee: I am deeply sensible of the honor which the Republican national convention has conferred on me in the nomination which you formally tender. I accept it with full appreciation of the responsibility it imposes.

REPUBLICAN STRENGTH IN MAINTENANCE OF ROOSEVELT POLICIES.

Gentlemen, the strength of the Republican cause in the campaign at hand is in the fact that we represent policies essential to the reform of known abuses, to the continuance of liberty and true prosperity, and that we are determined, as our platform unequivocally declares, to maintain them and carry them on. For more than ten years this country passed through an epoch of material development far beyond any that ever occurred in the world before. In its course, certain evils crept in. Some prominent and influential members of the community, spurred by financial success and their hurry for greater wealth, became unfaithful of the common rules of business honesty and fidelity, and of the limitations imposed by law upon their action. This became the beginning of the breaches of trust, the disclosures as to rebates and discriminations by railways, the accumulating evidence of the violation of the anti-trust law by a number of corporations, the over-issue of stocks and bonds on interstate railways for the purpose of concentrating control of railways in one management, all quickened the conscience of the people, and brought on a moral awakening among them that boded well for the future of the country.

WHAT ROOSEVELT HAS DONE.
The man who formulated the expression of the popular conscience and who led the movement to see him reform was Theodore Roosevelt. He laid down the doctrine that the rich

GOVERNMENT PREPARES TO BATTLE WITH OIL OCTOPUS

Attorney General Bonaparte Summons Legal Talent to Consult With Him.

Lenox, Mass., July 28.—Plans for another great battle in the courts with representatives of the Standard Oil company will be worked out here in the next few days. Under the direction of Attorney General Bonaparte, who is passing his vacation in Lenox, the first move in the new action, which it is understood is to be brought by the government against the Standard Oil company, will be made here and the machinery of the department of justice set in motion.

This action, following the recent decision of the United States court of appeals at Chicago, setting aside the judgment of \$25,240,000 returned by Judge Landis against the company, indicates that the announced intention

of the administration to renew the prosecution is to be carried out promptly.

Mr. Bonaparte will be joined today by Francis B. Kellogg of Minnesota, whose conduct of anti-trust cases for the government brought him national renown, and they will rehearse the present legal status of the case and discuss the details of further action.

For assistance in the case they will have the services of half a score of trained legal experts from the department of justice in Washington—men especially conversant with this particular branch of the department's work. These experts were also expected here during the day.

The government attorneys will be quartered at the Hotel Aspinwall, where, it is understood, accommodations have been secured.

THREE HUNDRED CHINESE DROWN

Local Passenger Steamer of Canton Founders During Typhoon.

Canton, July 28.—The Chinese steamer Ying King, engaged in the local passenger trade, foundered yesterday during the typhoon. Three hundred Chinese are known to have been drowned. Only twelve of those on board were rescued. The Ying King was of 798 tons, 200 feet long and owned in Hongkong.

COMPANY A WINS IN STATE SHOOT

Third Regiment Cracks Make 869 Out of Possible 1,000.

News was received here today over long distance telephone that Company A of the Third regiment won the state inter-regimental shoot at Lake City with a score of 869 out of 1,000 possible points. The crack team from the Second regiment got second place in the match, and the First regiment team was third.

These teams representing the regiments are the winners in the regimental shoots, which were held to decide which team would represent their respective regiments in the contest.

ALEX S. WILSON LEAVING.

After a long residence in Duluth, Alex S. Wilson and family are preparing to leave for Keweenaw, Minn., where Mr. Wilson will be employed by an elevator firm. Mr. Wilson has been a resident of Duluth for the past twenty-five years, and during that time he and his family have made many friends who are loath to see him leave the city and who are interested in the welfare of the city and was a member of the city council at one time.

For the past year the Wilsons have been residents of Hunter's Park.

WOMAN KILLED BY RAZOR.

Chicago, July 28.—The body of Mrs. Elizabeth Arvey, 36 years old, who died last night from a razor slash across the abdomen, was found by her husband in the kitchen of their home, 711 Cornell street yesterday. The razor was found in the pantry some distance from the body. The police were unable to determine whether the woman had committed suicide or was murdered. Arvey was arrested and will be held pending investigation.

HERALD'S WEST DULUTH DEPARTMENT

J. J. Moran, 405 Central Avenue. BRANCH OFFICES: Fred Delbert, 5105 Ramsey Street.

DROWNED IN SUPERIOR RUNS AWAY FROM HOME

Mamie Paulson and Girl Little Mabel Carey of Superior Didn't Like Stepfather.

Were Bathing Off Foot of Twenty-Second Street. Came to Duluth and Was Picked Up by Officer.

Mamie Paulson of West Duluth, 13 years of age, and Blanche Barstrom of Billings Park, Superior, her cousin, were drowned in St. Louis bay yesterday afternoon, off the foot of Twenty-second street, in Superior. They were in bathing at the time. The bodies were recovered this morning.

Miss Paulson was visiting at the home of her cousin, daughter of Peter Barstrom, 1827 Pennsylvania avenue. At 2 o'clock yesterday afternoon, the two started out from the house, telling their mother that they were going in bathing. They did not return home at night, and this morning several searching parties started out to look for them.

Clothes of the girls were found at the foot of Twenty-first street. The police were notified, and after dragging the bay a few minutes they found the bodies of both girls, lying about ten feet apart, only a short distance from the shore. They evidently both had stepped into a deep hole at the same time. The water was shallow up to the edge of the hole, and then the ground slopes quickly down. No one saw the accident.

Street Carnival. Beginning Aug. 17 and continuing for one week, there will be street carnival in West Duluth, given under the auspices of the Degree team of Old Hickory No. 1827 Modern Woodmen of America. They have signed a contract with the St. Paul Carnival company, which will supply the amusements.

Petition for Sewer. A petition to the board of public works is being circulated. The petition asks that a sanitary sewer be constructed on Raleigh street from Fifty-sixth alley to Fifty-eighth alley west, with an outlet in Fifty-eighth alley west to the sewer on the east side of Raleigh street, and that a sanitary sewer be constructed on the gutter of the sewer in Keene creek.

West Duluth Briefs. David Friedman and K. Thompson left yesterday for the southern part of the state, where they will spend part of their vacation.

Carl Lavick of Scanlon was in West Duluth yesterday. Mr. and Mrs. John Gordon, 648 Green street, a son, Michael Gordon, came and did not return yesterday at the West Duluth justice court, nor was he returned, but was posted for a week. The charge against Lavick is that of impersonating an officer, a son was here yesterday to Mr. and Mrs. Roderick MacDonald, 4391 Halifax street.

Rev. Frank Reid and brother Russell of Meadville, Pa., who have been the guests of Rev. J. J. Lawrence, pastor of the Westminster Presbyterian church, left yesterday morning for their home for a short visit. Miss Rose Sullivan of the Phillips hotel expects to leave the latter part of the week for Ironwood, Mich., where she will visit friends.

The body of Arthur Olson, the young man who was killed Sunday morning in a fall from the Algier-Sunday tramway, was probably brought to Chicago this evening. Word has been received by his brother, Olaf Olson, 731 West North street, Chicago, asking that his brother's body be shipped to his home for burial, as he is a member of the city council.

Child Drains Acid. Through the timely interference of Mrs. G. Locken, 702 Highland street, her 12-year-old son was saved from a fatal dose of acid. The child had been playing with a bottle of acid in the kitchen yesterday morning. She left the bottle on the table for a moment and when she turned again to find it, found the child trying to swallow its contents. Medical assistance was hurriedly summoned. Aside from a burn on the face and mouth, the little fellow escaped serious injury.

Mother Rebuked. Judge Smith, yesterday in the municipal court, administered a rebuke to a mother who brought her child to court.

HAD SUCCESSFUL SHOOT. The ladies of the Plymouth Congregational church will hold a missionary tea at the residence of Mrs. C. R. Koves, 705 North Fifty-seventh avenue west Thursday afternoon. Supper will be served on the lawn.

Mrs. Ned Despond and daughter, Mrs. of Billings, Minn., are the guests of Mr. and Mrs. William E. Hurst, 60 North Fifty-sixth avenue west.

The thunder storm of yesterday and that of about a week ago has put many of the West Duluth telephone out of commission. The line men have been looking for a leakage in the cable since the first storm.

Brainard, Minn., July 28.—(Special to The Herald.)—The Riverside Gun club pulled off one of the most successful trap shooting tournaments in the history of Central Minnesota, Sunday, there being fifty shooters present, nearly all of whom shot through the entire tournament, over 8,000 clay pigeons being thrown.

The much money was won by R. D. Gupta of Atkin, who broke 100 out of 200 birds thrown in the fourteen rounds. The club had made perfect arrangements for the tournament, automobiles being furnished to take the participants to and from the grounds of the Gun club, which are situated about a mile and a half below the city. A canopy was provided to shelter the shooters, both while shooting and while awaiting their squads, and every visitor spoke highly of the manner in which the club acquitted itself as a host.

The FIRST 'DIRECTOIRE' GOWN

Shown at the Head of the Lakes!

A copy of the "Directoire" Gown designed and first introduced by Madam Paquin of Paris.

We felt that you would want to see the real "Directoire" style as it was first worn and introduced, and accordingly have displayed the gown in our window, just as you might have seen it at the horse races in Paris. While you may not indorse its every feature, we know you will appreciate its elegance and the many new ideas it suggests.

We admit that the garment is the extreme and cannot find a place in the American woman's wardrobe without modification, yet we do claim and predict, that many ideas suggested by it will be a pronounced feature in the fall styles.

It heralds the coming of light weight satin finished materials. It introduces the graceful draping and clinging Grecian model of garments so popular in the eighteenth century, right after the French Monarchy, a period known as the "Directoire," and for which this style of gown is named. It will cause scant clinging skirts with train, high waist line, and close small sleeves to be embodied to a degree of extent in the new gowns and in the coat models, long back coat tail, large revers, large pockets and button trimmings to be used.

It has claimed marked attention wherever shown. We have heard many of our customers express the wish that they could see a real "Directoire"—we brought it out just for that purpose.

Welcome to its ideas. Welcome to admire or criticise it.

Mrs. Odley Leroux, for allowing her 12-year-old daughter to steal. The girl had been caught taking shoes from a downtown store, and in telling her story on the stand, set the judge to believe that the mother was the instigator of the crime. Mrs. Leroux claimed that her daughter had told her that the shoes were given her. The judge ordered that the case be dismissed and both the daughter and mother leave the city.

Superior "Sprucing Up." At the first regular meeting of the City Improvement league, which was held last evening at the Commercial club, the question of shade trees was discussed at length in connection with the plan for improving the appearance of the city.

The league voted to join the National City Improvement league, which was also appointed to confer with the railroad companies concerning the planting of trees about their local depots, and the making of a list of the trees to be planted. This committee is composed of H. E. Sprague, Robert Stewart and Robert Kennedy. There will also be a legal committee appointed later, and steps taken to have a ordinance passed regulating the placing of billboards, signs, etc.

TAFT THANKS HIS FRIENDS

Issues Statement of Gratitude to Neighbors and Fellow Citizens.

Cincinnati, O., July 28.—Just prior to the notification of his election to the presidency, Mr. Taft gave out the following statement: "The formal and political speech of a president to his friends and neighbors is a thing of the past. I am a citizen of Cincinnati without regard to party. Born, reared and educated within the limits of this dear old city, we return to it after eight years of absence to meet the non-partisan good-will and rejoicing at the honor which has recently been conferred upon me. We are deeply touched. We offer our sincere thanks to the committee of arrangement who have organized and made beautiful this expression of neighborly goodwill. Popular elections are uncertain, but whatever may be the result as a candidate we can never be deprived of the joy we feel at this welcome home."

GOULD PLEADED WITH THE STANDARD OIL DECISION.

New York, July 28.—George J. Gould, head of the Gould system of railroads, on returning from Europe today, said that nothing would give him greater pleasure than to have E. H. Harriman in the directorate of the Gould roads. Mr. Harriman will become a director of the Gould system.

Concerning the Standard Oil decision, Mr. Gould expressed unqualified satisfaction. "I think," said Mr. Gould, "that marks the turn in the business situation. Looking at it from the standpoint of railroad credit, nothing is more to hurt this credit abroad than the huge loss assessed by Judge Landis. The foreign investors felt that any time is property might be confiscated through no fault of its own. Judge Grosscup's decision, again, affirmed the American motto of fair play."

Mr. Gould added that he thought the one to be feared for corporate misdeeds was some individual, not the innocent stockholders.

EXPENSES ARE HIGHER READY FOR HARVESTING

Cost of Running City Work Will Begin in Some Places Before Week-End.

The Needs of the Different Departments for 1909.

The expenses of running the city of Duluth during 1909 will be greater than they were this year. Every department will ask for more money than was allowed for 1908. As Duluth grows in population and importance, the cost of keeping up the several departments of the city government naturally increases. Beginning today, The Herald will take the departments one by one, and explain their need for operating expenses during 1909.

The city engineer's department, first on the list, will need from \$2,000 to \$4,000 more next year than was provided for this year's work. The 1908 appropriation amounted to about \$16,000. One thing that will materially increase expenses is the new water and sewer districts which have been extended to the hillside districts. This means a very great deal more work for employees of the engineering department. The expenses of the department consist almost entirely of salaries and street car fares.

There will be divided up for the most part into jobs, a block or two in the city, to make sure that the inspection force, and calling for an increase in this force. Thus the principle added item of expense will be for additional help.

Repairs to the wooden walks of the city with cement also means more work for inspectors in the employ of the department. All the street, sewer, sidewalk jobs, etc., have to be inspected by men working in the city, and the more sidewalk, street and sewer improvements there are, the more work there is for the inspectors. There will be four or five large paving jobs next year.

Street car fares are quite an item with the department. They amount to about \$200 a month, for the twenty men employed all have more or less traveling to do every day. Alderman Moore has suggested that, while the city is talking of providing the police and fire departments with automobiles, one also looking after the preliminaries for grading, street, sidewalk and sewer work.

Consideration from this improvement would be the saving of street car fares. The saving of time on the part of men using the machine would be a big item, and it is claimed that the machine would pay for itself in a couple of seasons. These crews are kept jumping about from one end of the city to the other, and much time is lost going from job to job, especially so when the work is distant from the street car lines, as is often the case. Probably the engineering department will be asked to include the cost of an automobile for the engineering department in next year's appropriation, following out the recommendation of Alderman Moore.

FAIR FINANCE AND AN HONEST DIVIDE

GUARANTEES YOU A MINIMUM PROFIT OF AT LEAST ONE HUNDRED PER CENT THE FIRST YEAR, AND A GREATER PROFIT EVERY YEAR THEREAFTER.

We have purchased a block of very fine fruit land on the lower Gulf Coast of Texas, in the Valley of the Rio Grande. This land is the richest we have ever known of; the soil is a black sandy loam from 20 to 40 feet deep, and will raise any fruit or vegetables grown in the United States. There are no frosts, no cyclones, no hot winds, no detriments of any kind, and all the conditions of climate, soil, etc., are most favorable to the raising of immense crops. In fact, the profits received from the crops raised in our district are simply fabulous.

We are clearing this land, irrigating it from our artesian well, and planting it to Orange trees and between the rows of orange trees (trees are planted 18 to 20 feet apart) we are going to raise winter vegetables for several years, until the orange trees need the space, which will not be for six or seven years. We plant the Satsuma variety of Orange, which is very quick growing, and begins to produce in 15 months. As we get the very highest market prices for our winter vegetables, the profits from an investment of this kind are immense. We want our friends to have a chance to share these profits, and we have set apart a block of 160 acres, which we are selling at only \$100 per acre, on the following plan:

ON OCTOBER 1, 1909, WE PAY YOU \$100 PER ACRE
ON OCTOBER 1, 1910, WE PAY YOU \$150 PER ACRE
ON OCTOBER 1, 1911, WE PAY YOU \$200 PER ACRE
ON OCTOBER 1, 1912, WE PAY YOU \$250 PER ACRE
ON OCTOBER 1, 1913, WE PAY YOU \$300 PER ACRE

On October 1st, during the years 1914, 1915, 1916, 1917 and 1918, we pay you a cash rental of \$300 per acre; and as long thereafter as you wish us to care for your land, we will pay you one-half of the net profits from the crops every year.

That is, from every acre which you buy now at \$100—you will receive during the first ten years \$2,500 in cash, and **YOUR MONEY BACK AT THE END OF THE FIRST YEAR.**

IN ADDITION to this very favorable profit which you will receive beginning with the first year, if some circumstances should arise whereby you might need to dispose of your land, we will take up your deed and contract lease at any time during one year after October 1st, 1910, and pay you \$150 per acre cash. This cash redemption value will increase at the rate of \$50 per acre per year, until October 1st, 1918, after which a cash redemption value would have to be arranged. Therefore, at the end of ten years you would have received \$2,500 cash rentals from the land, and if you wanted to sell this land back to us at the end of the tenth year by our cash redemption plan, we would then take back your land and pay you \$500 per acre, thus bringing you \$3,000 back in cash for every \$100 you invest now. And your security is perfect—you have the land, and you have our contract to work it for you and care for every matter in first-

You buy the land and pay \$100 per acre, cash, and you may purchase one acre, two acres, or any number of acres; you receive your warranty deed and complete abstract. You give us a ten-year lease of the property, and we clear the land, irrigate it, and plant it with orange trees immediately.

We have already bought and paid for the orange trees for this block of 160 acres. We will immediately plant these tracts to vegetables, which will be harvested during December, and will, therefore, secure the highest prices for choice, fresh vegetables on the winter market. This land will raise three crops per year and will bring a gross revenue of about \$250 the first year, and as soon as the orange trees begin to produce, the gross receipts per acre, will increase very rapidly; but the expenses do not increase very much. At the end of ten years every acre will be producing a net revenue of at least \$800 per acre. These statements are not guess work, they are the simple, plain truth about what is being done in our district. In return for this ten-year lease, which you give us on the land you purchase from us at \$100 per acre, we pay you the following **Cash Rentals:**

Such an investment—with such an immense profit guaranteed—and with such absolute security—has never, we believe, been offered in Duluth before—and we will sell not one acre at this price and on this contract after the 160 acres have been sold. This has never been advertised before, and we offer this small block at this price and on these terms so that our friends who have \$100 or more to invest, can get a share of this very profitable investment. Our lands will be offered at a very much higher figure very soon, as the only company offering a proposition anything like ours, is selling their land at \$320 per acre.

As the work on these tracts will have to be started by August 10th, in order to get the crops planted in time, we can receive applications for this land at the price of \$100 per acre, with this contract-lease, only up to August 5th—and only until 160 acres are sold. If you wish to invest any amount from \$100 up, kindly call in to our office and we will be glad to give you all further particulars you may desire. This matter can not be delayed, as the crops must be planted very soon, so kindly make your application at once.

TRADERS TO PLAY BALL

Mighty Struggle Between "The Pit" and the "Regulars."

A Corps of "Emergency Umpires" Has Been Engaged.

The entire Duluth board of trade will journey to the green fields of Hunter's Park tomorrow afternoon to see whether the clubbers who buy and sell September or December wheat in the pit every day can put up a better article of baseball than the younger element which comprises the regular board of trade team.

The mighty struggle for board of trade baseball supremacy will begin at 2:30. It is impossible to say at what hour the contest is likely to be concluded, as the pit traders' prowess is something of an unknown quantity and might produce a prolonged game.

Everybody who is anybody in the board of trade building is going to the game. The teams will be accompanied by battalions of officials and spectators and by the chorus of typewriters.

The pit traders have to lose less than four pitchers to select from tomorrow. Probably Paul Morris will start out in the box and he will have the following understudies in readiness to go out and play the part if necessary: W. H. Kihl, Herman La Bree and J. A. MacAuliffe.

Walter Pochler will catch for the traders and President Julius H. Barnes of the board will preside on first base. Walter Hall will be at second, John Hall at shortstop, Frank McCarthy at third and Harry Peckham, M. Schiller and Frank Pierce will be located in the gardens. Herbert Spencer, George Robson and Walter Bents will enact the roles of substitutes.

The umpire will be Ward Ames, Sr., and E. N. Bradley. Both were pouring

over Spaulding's Guide and La Jole's "First Aid to the Umpire" during the session of the board this morning. A complete set of "emergency umpires" has also been engaged and comprises M. J. Jenks, Parker Paine, Maurice Scroggins and Alexander Guthrie.

CITY BRIEFS

Have Your Magazines Bound. Thwing-Stewart Co. Phone 114.

Gets Two Months. Edward Nelson was this morning sentenced by municipal court to serve sixty days in jail for the theft of \$13 worth of clothing from John Abramson. It is claimed that he took two shirts, a pair of trousers, a pair of shoes, rubbers and a hat.

Storm Sewers Inadequate. Yesterday's heavy rain proved too much for the capacity of numerous storm sewers throughout the city, and several of them were too small to accommodate the tremendous flow of water. Floods resulted, and the basements of several buildings in the West end were filled with water. No great damage was done in any case, and no serious wrecks occurred in the pipes.

Bicycle Ordinance. The city clerk has received a communication from Grunsch & Olson, West end grocers, asking if there is still an ordinance in effect against the speeding of bicycles on the city's streets and sidewalks. They say that in their neighborhood boys and young men are often seen speeding their machines in a dangerous manner.

Pauline Luck Dies. Mrs. Pauline Luck of Duluth died at the Pegasus Hotel for the insane yesterday at the age of 44 years. The funeral will be held tomorrow afternoon from the German church on Fourth street.

Director's Gown. The first model of the new director's gown to be shown in the city is now on exhibition at the Gray-Habert store. The gown is an afternoon costume fashioned after the much discussed mode, made in satin of apricot shade and is a most beautiful creation. The gown is attracting much attention and comment. A more complete description of it is given on another page.

UMPIRE ANDERSON MARRIED.

Fargo, N. D., July 28.—(Special to The Herald.)—Umpire Anderson of the Northern league stopped calling balls and strikes long enough to come here yesterday with the permission of President Lamb of the league and he married to a popular Bismarck young lady. He will take his bride around the circuit for a honeymoon trip and permit her to hear some of the remarks hurled at him by fans when his decisions don't suit. Anderson is a railroad man by calling.

WILL OPEN LAND.

Settlers in Four Townships Will Get Titles to Land. The officials of the United States land office have been notified that the four townships, 61-6, 62-6, 61-7, 62-7, plats of which were received last week, will be opened for entry to bona fide settlers Sept. 1. The opening is hardly more than a formality, it being designed to give people, who have maintained actual residence on the land, an opportunity of gaining title to their lands, the four townships having been withdrawn from entry for forest reserve purposes.

ANGERMEIER IS ACQUITTED

Jury in Municipal Court Finds Him Not Guilty.

Emil Angermeier was this afternoon acquitted in the municipal court of the charge of prescribing morphine for a patient, without a license as a practicing physician. Angermeier treated Daniel Donovan for a cancer. Mr. Donovan's son brought suit to recover \$211 claimed to have been paid for the treatment, but lost his case in the municipal court last week. Angermeier was also prosecuted on the criminal charge, and tried before a jury in Judge Cutting's court room. The jury returned a verdict of not guilty this afternoon.

Hold Reception.
 Preceding the luncheon to the traffic men of the Wisconsin Central tomorrow at 1:30, a reception will be held for them in the rooms of the Commercial club. The reception will be held at 1 o'clock and the business men of the city will be invited to meet the railroad men. The members of the party will be the guests of G. A. Sherwood.

Bankers Return.
 The delegation of Minnesota bankers returned today from a two days' outing at Isle Royale. Most of the members of the party had huge fish stories to tell. They talked of fish, ordered fish for luncheon today and all declared that they had had the best time of any state convention. Most of the bankers will return to their homes today. The trip to and from Isle Royale was made on the steamer America.

UNION PACIFIC DIVIDED.
 New York, July 28.—The Union Pacific railroad company today declared a quarterly dividend of 2½ per cent on its common stock and a semi-annual

dividend of 2 per cent on its preferred stocks. The Southern Pacific railroad company declared a quarterly dividend of 1½ per cent on its common stock. All these dividends are unchanged from the last previous quarter.

TYPHOON DID MUCH DAMAGE AT HONGKONG.
 Hong Kong, July 28.—As a result of a typhoon last night which lasted two hours the steamers Schuykill, Persia, Powhattan, Lalsank, Charles Harduin and the British topped boat Whiting are ashore.

An unknown steamer and several lighters foundered. Fifteen houses in the town collapsed. There were casualties ashore and aboard but few among the shipping as the ships had been forewarned of the storm. The public gardens, the attraction of the city were wrecked. The streets are blocked by debris. The British steamer Barra and the German steamer Vandalia both from New York, were in collision with other ships in the harbor during the typhoon and each sustained considerable damage above the water line.

CHOLERA EPIDEMIC VERY VIRULENT IN RUSSIA.
 St. Petersburg, July 28.—The cholera that has made its appearance in Russia this year is most virulent. Out of twelve cases in Tsarsitsyn, there have been eleven deaths. According to investigations by Deputy Von Anrep, who is a distinguished medical authority, the sanitary conditions in the Volga towns are horrible. The absence of a sewerage system and waterworks puts the inhabitants at the mercy of the epidemic, and the cholera will reap a full harvest.

THE CANADIAN PACIFIC EMPLOYEES FAVOR STRIKE.
 Winnipeg, July 28.—According to reports received today by the labor council of the employees of the Canadian Pacific railway from all parts of the system show that the employees do not favor the majority report of the conciliation board which recently dealt with the wage and hour schedule. The men are unanimously in favor of an immediate strike. The leaders are now conferring. Ten thousand men are affected.

SEWING MACHINES SOLD FOR 30 CENTS.
 St. Petersburg, July 28.—A special dispatch received here from Tabriz, Persia, says that the horsemen under Rachin Khan, who is operating on the side of the shah, have pillaged the Russo-Persian high school at Tabriz, destroying the laboratory and library of the institution. Later they sacked the warehouse of an American sewing machine company, located next door to the school. Finding the machines too heavy to carry away on horseback, the pillagers sold them off to whoever would buy and for whatever price they would bring, from 25 to 30 cents apiece.

RIVAL CANDIDATES INVITED TO FAIR.
 Denver, July 28.—Invitations have been sent to William Taft and William Bryan the rival presidential candidates to attend the interstate fair and exhibition in this city in September and deliver addresses.

The exposition opens Labor day and the candidates are invited to fix the dates to suit their convenience during that week.

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them. Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardonia, N. Y., writes: "I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

ONE DOLLAR MONEY BALM

For Woman Who Sued for \$10,000
for Breach of Promise.

Devils Lake, N. D., July 28.—The jury in the breach of promise case of Miss Ellen Rosenkrantz vs. Israel Johnson brought in a verdict in favor of the plaintiff for \$10,000. The plaintiff sought \$10,000 damages and proved that she had traveled all the way from Sweden in 1901 to marry the defendant, who is one of the well-to-do farmers of Ramsey county. After she arrived Johnson's love had grown cold and he has sidetracked matrimony. The case excited a great deal of interest in Devils Lake, and the courtroom was crowded during the trial.

NEWS OF THE NORTHWEST

MANY SEEK NEW LANDS

Advices From Washington Spur on Those Want- ing to File.

Joseph Lewis of Hibbing is No. 1 in Cass Lake Line.

Cass Lake, Minn., July 28.—(Special to The Herald.)—There was a great surprise here today when the local men received notice from Washington that 46,000 acres of forest reserve would be opened to settlement Sept. 15. As soon as this became known the land office was flooded with landseekers, who, with chairs, tents and bedding settled down to await the opening.

Joe Lewis of Hibbing, is No. 1. Capt. Wilson, the veteran of the other war, is No. 2. He seems well satisfied. All told there are thirty now waiting. It was thought that this land would not be opened until next summer. The local officials have not been notified yet of the new deal, but according to the booklets of instructions are issued. The notice seems to indicate that "squatters" will again have the same rights as filers.

STUMBLING ON FORTUNE.

Uncle of Chippewa Falls Men Struck It Rich at Cobalt, Can.

Chippewa Falls, Wis., July 28.—Alphonse La Rose has left for Ontario, Can., to look after the \$2,000,000 fortune just left the La Rose brothers in this city by Fred La Rose, their uncle.

The story of the La Rose millions is interesting. Fred La Rose was a blacksmith with a railroad crew that was laying a new line through the now famous Cobalt silver district of Canada, the site of the rich Simpson mine. The railroad had cut through a piece of rough country and had encountered some heavy rocks. La Rose picked up a piece and piling it on his anvil began hammering it. To his surprise it flattened out like a piece of metal. It proved to be almost pure silver. La Rose, knowing where the rock came from, located a claim and soon established the fact that he had found a bonanza. He sold the claim for \$25,000, but unfortunately returned one-third. One of the heirs is a Minneapolis man.

SHRINE OF PYTHANISM.

Grand Chancellor Visits Famous Spot With Other Knights.

Houghton, Mich., July 28.—(Special to The Herald.)—Grand Chancellor Carlton of the Michigan Knights of Pythias in a visit here to confer with Ira E. Randall, organizer of the Julius Rathbone Memorial association, which has for its object the restoration of the famous school house at Eagle Harbor, where the ritual of the order was written. The grand chancellor, escorted by a delegation of lodge last night and will leave today with Mr. Randall and other prominent Pythians in Eagle Harbor to look over the building and definite plans for its restoration will probably be made.

The memorial association was organized some years ago for the purpose of establishing a Pythian temple at Eagle Harbor. The association intended to raise funds to restore or preserve the old building, but the Michigan grand lodge finally took over the building and will defray the cost of the work. Whether or not the plans will include the restoration of the old building or its enclosure in its present condition in a new building has not been decided.

"DOPED" HIS DRINK.

Northern Pacific Section Hand Gets Tough Deal at Fargo.

Fargo, N. D., July 28.—(Special to The Herald.)—Lars Thorsen, a section hand on the Northern Pacific at Tower City, was picked up in an unconscious condition back of one of the grouting stables at the fair grounds at an early hour Monday morning by the police and taken to the headquarters under the grand stand. When he came to, he told the police that he had been drugged and robbed of \$35 during Sunday evening by some parties that he did not know. Thorsen was invited by a couple of strangers to take a drink out of what he supposed was a beer bottle. He was dry at the time and took a couple of large swallows and then became unconscious.

RENEWS BOYHOOD LOVE.

North Dakota Official Marries Girl He Loved Long Ago.

Blismarck, N. D., July 28.—Alfred Blaisdell, secretary of state of North Dakota, renewed his boyhood love when he strolled into a 5-cent theater at Minot, and there met Miss Grace Emmons, pianist, whom he had known as a girl in Minnesota. The meeting resulted in their marriage here yesterday. Miss Emmons is a daughter of G. H. Emmons, postmaster at Emmons. Her marriage was born at Fairmont, only a short distance from Emmons. They were sweethearts as children and had not seen each other for many years when their chance meeting occurred. Miss Emmons became a professional pianist and obtained a position at Minot.

EXPERT CANOEIST DROWNS.

Giving Exhibition of Hauling His Craft When It Overturns.

Kenosha, Wis., July 28.—John Langemann was drowned in the lake off Kenosha yesterday afternoon. Langemann was giving an exhibition of handling of a canoe, in the presence of more than a hundred people, when the canoe was capsized and he went down. Members of the 101 ranch company were near the spot when the canoe overturned. The men of the troupe made an effort to rescue Langemann, but when 100 feet from shore, were caught in an undertow and found that it was impossible for them to go any farther. Three of the men narrowly escaped drowning themselves in their efforts to save the man.

Langemann, after the canoe capsized, had managed to get hold of the sinking boat, but it would not sustain his weight. The Kenosha life-saving crew is still dragging for the body, but it is feared that it was carried out into the lake. Langemann was 35 years of age and was survived by a widow and five children. He was well known in Kenosha and was an expert canoeist.

SOO TRAIN WRECKED.

Twenty Passengers Injured, None Fatally, Near Sault Ste. Marie.

Sault Ste. Marie, Mich., July 28.—A Soo train heading west here yesterday afternoon was wrecked on a curve, four miles out of here, three cars going into the ditch. Twenty were injured, but none fatally.

A. H. Hudson, news agent, was the only one taken to a hospital, his hip being injured. Mrs. George L. Hudson, wife of the news agent, was thrown through a window on to a fence, but was only slightly injured. The cause of the wreck is unknown. The wreckage was cleared away and a relief train brought the passengers here several hours later.

CALLS ROOSEVELT "KING."

Marquette, Mich., July 28.—Declaring that President Roosevelt was "the King of the United States," a group of citizens here yesterday afternoon called for his removal from office. The group, which included a number of prominent citizens, held a meeting at the city hall and passed resolutions calling for his removal. The group also called for the removal of other officials who they felt were unworthy of office.

ALLEGED RAVISHER CAUGHT.

LEADER OF BLACK HAND

Chicago Police Capture
Much Wanted Murderer
and Bomber.

Joseph Ruffino, Also Be-
lieved to be White
Slave Agent.

Chicago, July 28.—The Chicago police believe they at last have in custody one of the leaders of the "Black Hand" society, who is also accused of being a manufacturer of bombs, a murderer and a white slave agent. The suspect is Joseph Ruffino, an announcement of whose capture at Milwaukee was made yesterday. Ruffino, who is a native of Italy, is said to be wanted by the police in many cities in this country and Italy. Information leading to the arrests was furnished to the police of Milwaukee by Chicago detectives, who had been searching for Ruffino and his wife since July 15.

At that time Francesco Ruffino, a brother of Joseph, took Enrichetta Vaccarino, 21 years old, to Rochester, N. Y., and attempted to murder her. It is alleged, because she knew too much about their "Black Hand" dealings.

When the detectives searched two trunks, which Joseph Ruffino left, they found two revolvers, several stilettoes, three pairs of brass knuckles, pieces of gas pipe, about twenty bottles, filled with various ingredients used in making bombs, and other and stamps used by the "Black Hand" in signing threatening letters.

SENTIMENT FOR HEARST

(Continued from page 1.)

from dictation of any sort. Planks by the dozen on finance, on labor and on trusts, and on all three combined, and on all shades of variations of all three, were read upon the members of the committee. The general sentiment, however, seems to be about as it was on Sunday when the delegates began to arrive in force. A more radical utterance on the question of injunctions than was made by either the Democratic or the Republican party, is favored, the sentiment of the majority being in favor of the practical obliteration of the preliminary injunction as a legal process. A declaration in favor of prohibiting injunctions until after a full trial by jury has been had found the greatest number of advocates.

Californians Want Plank.
The Californians are strongly pressing for a forcible declaration against Asiatic immigration and a strong plank on this subject is looked for. It is also probable that the financial plank will favor the issuance of all money direct by the government, instead of through the medium of national banks. Over-capitalization of industrial enterprises will be denounced, and an amendment to the Sherman anti-trust law, providing that it shall not affect combinations of business men, is looked for. Despite the fact that Mr. Hearst has repeatedly declared that he will not be a candidate for the presidency, there is a strong sentiment among the delegates for him, and he would have less trouble in securing the nomination if he desires it than had either Taft or Bryan. The Pennsylvania delegation, at its caucus, declared unreservedly for Hearst, in the face of his positive assertion that he did not care to be considered. The New Jersey delegation also decided to vote for him, and it is known that the New York people will do so at the first opportunity that is given them.

New York to Present Lyon.
The Empire State will, however, present the man whom they believe to be Lyon, and if he makes no particular showing of strength on the first ballot, the delegation will go either to Hearst or to Wilson of Massachusetts. Mr. Hearst last night, up to the time the convention met, was considered to have a fairly strong lead in the race, but the excellent impression on the convention made by the master of Mr. Hearst's speech as temporary chairman, and by the manner in which he delivered it, brought him so strongly

HEALTH AND INCOME

Both Kept Up on Scientific Food.

Good sturdy health helps one a lot to make money.

With the loss of health one's income is liable to shrink if not entirely dwindle away.

When a young lady has to make her own living, good health is her best asset.

"I am alone in the world," writes a Chicago girl, "dependent on my own efforts for my living. I am a clerk, and about two years ago through close application to work and a boarding house diet, I became a nervous invalid, and got so bad off it was almost impossible for me to stay in the office a half day at a time."

"A friend suggested to me the idea of trying Grape-Nuts which I did, making this food large part of at least two meals a day."

"Today I am free from brain-tire, dyspepsia and all the ills of an over-worked and improperly nourished brain and body. To Grape-Nuts I owe the recovery of my health, and the ability to retain my position and income."

BIG THEFT FROM MRS. W. H. SINGER

Bold Thief Gets \$400 Ring and \$250 in Cash.

A thief entered the room of Mrs. W. H. Singer in the St. Louis hotel Sunday night and stole a \$400 ring and \$250 in cash. The ring was valued highly. It was a gift from Capt. Singer shortly before his death.

Mrs. Singer had company for dinner in

the St. Louis cafe Sunday evening. After that she visited Dr. and Mrs. Horace S. Holmes in his wine and sweet as ever, as the heroine with whom the returning bushman falls in love.

The heaviest of the women's parts falls to Beatrice Meade, the milder who dares not claim her son, and Miss Meade proves herself fully equal to it. Frank J. Four appears as the old man again and does well as usual. His short sighted and uncertain old gentleman became delightfully real before the evening's entertainment was over.

Miss Blah brought to the part of the half sister of the hero her usual bright and clever work, and had the house with her from the start.

Mr. Chapman, for the first time in many weeks, is not doing the heavy villain, but is a very chivalrous gentleman. He shows his versatility by doing this equally as well. The heavy part falls to Mr. Quigley, who plays the role of a servant with a long-lived and deep hatred for the hero.

Marshall Farnum is satisfying in the role of the jealous youth. Maude Cleveland appears to advantage as Lady Stunton.

Mr. Fournier has staged the piece excellently; the conservatory scene being especially effective.

Was in Poor Health For Years.
Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring my health to others." Refuse substitutes. Sold by all druggists.

IN GOOD SPIRITS.
Mrs. Ollie Larson Glad to See Judge Windom.

Mrs. Mollie Larson, charged with grand larceny in the second degree, gave Judge Windom a merry greeting as she entered the court room yesterday afternoon. She remarked upon the pleasantness of the weather, and spoke to him in endearing terms, calling him "dear," etc. Mrs. Larson is not exactly right mentally.

LYCEUM — Mack-Leone players in "Captain Swift."

"CAPTAIN SWIFT."
Mack-Leone Players Present Exciting Drama at the Lyceum.

The Mack-Leone players made a well deserved hit in their first night production of "Captain Swift" at the Lyceum last night. Elaborately staged and a thriller from start to finish, the play at the top notch all through the four acts.

The story of the daring, dashing, bush who returns to England only to be pursued by a relentless fate until he is forced to kill himself to save his mother from disgrace, approaches more nearly the borders of melodrama than any piece the company has put on this summer, but clever work saves it from any hint of cheapness. As usual, Mr. Mack, in the title role, made a pronounced hit. He was always equal to

the requirements of the part, and has done nothing better while here. Miss Holmes is as winsome and sweet as ever, as the heroine with whom the returning bushman falls in love.

The heaviest of the women's parts falls to Beatrice Meade, the milder who dares not claim her son, and Miss Meade proves herself fully equal to it. Frank J. Four appears as the old man again and does well as usual. His short sighted and uncertain old gentleman became delightfully real before the evening's entertainment was over.

DEWEY'S GUNNER

KILLED IN NEW YORK.

New York, July 28.—Shocked to death in a manhole was the late yesterday of James O'Connell, who is said to have been Admiral Dewey's chief gunner on the Olympia when the flagship opened the fight in Manila bay.

O'Connell was lying on his back, making repairs to the channel rail under the trolley tracks on Sixth avenue. After he had descended to his work with a handful of bolts he was heard to cry as if in distress and was seen when a fellow workman reached him. His body was badly burned by electricity.

O'Connell recently retired from the navy, but was arranging to re-enlist at an early date. He leaves a widow.

HARVEST FIELD'S VICTIMS.

Usal Season's Casualties Are Reported in South Dakota.

Sioux Falls, S. D., July 28.—The harvest fields of South Dakota are claiming the usual number of victims of accidents, thus far one man being dead in the state and a number of

other persons injured more or less seriously. The dead man was Frank Monroe, who died at his home in Sioux Falls as the result of overworking in a hay field on his farm near the city.

A distressing accident occurred on the farm of Mr. and Mrs. Sidney Rhead, on the South Dakota side of the Big Sioux river, in Lincoln county. Rhead was mowing through the orchard when the 6-year-old daughter of the household stepped quickly from behind a tree for the purpose of "scolding" her mother. She stepped immediately in front of the sickle, which cut off one of her feet and injured the limb so badly that it had to be amputated below the knee.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of cholera," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1902, I had a similar attack and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world. LAUNCHED BY HEARST

New Yorker Sounds the
Opening Cry of the In-
dependence League.

Severe in His Arraign-
ment of Both the
Old Parties.

Chicago, July 28.—The first national convention of the Independence party began at Orchestra hall last night. At 8:35 Milton W. Howard of Alabama took the gavel and introduced Charles A. Walsh of Iowa, who read the call for the convention. Howard then announced the names of the temporary officers of the convention, with William R. Hearst as chairman. Mr. Hearst on taking the chair spoke as follows:

"My friends: This is the first national convention of the Independence party.

"Whether it shall prove an historical event or merely a passing political incident depends upon the wisdom and patriotism with which we shall deliberate and act.

"If the men who met in Independence hall in Philadelphia on the Fourth of July, 1776, had had within them any feeling of hesitation, any disposition towards compromise or concession, that day would now pass as any other day upon the calendar.

"But the patriots who assembled there had courage in their hearts, determination in their minds, high purpose in their souls, and the Fourth of July is celebrated throughout the world as the birthday of liberty for all men.

"It is too much to say that our convention can ever reach the importance of the second continental congress, but the principles they met to declare we have met to preserve, and the liberties they assembled to secure we have assembled to protect.

Party for Plain People.

"I believe, therefore, that we will do a service to our fellow citizens second only to the inestimable service rendered by the founders of this government if we shall found a party which will remain unfalteringly faithful to the principles of the Declaration of Independence and to the fundamental American ideas of liberty, equality and opportunity for all.

"I believe that if any party is necessary in this country to preserve the government as the fathers framed it, a new party is necessary; if any party is necessary to promote progress and prosperity, to encourage the honest business man and protect the honest working man, a new party is necessary; if any party is necessary to represent the typical American citizen and constitute the people in their struggles with the tyrannical monopolies which constitute a trust, a new party is necessary.

"In 1776 Thomas Jefferson, who had pointed the principles of the Declaration of Independence, founded the Democratic-Republican party to perpetuate those principles.

"In 1840 this party founded to be the party of the people, had become the party of privilege and the Democratic party came into being and crystallized about the personality and principles of Andrew Jackson. In 1854 the Democratic party had become the property of an arrogant aristocracy which denounced the self-evident truths of the Declaration of Independence as 'self-evident lies.' Then the Republican party was born to restore to the action of the government to the principles of Washington and Jefferson, and Abraham Lincoln led it to victory.

"Is it not time, is there not need for a new party which shall take up the work of the parties of Jefferson and Jackson, of Lincoln and preserve the rights and liberties which these parties in their hour of usefulness preserved for the citizens of their time?

Old Parties Unfaithful.

"The old parties, in this day of their decadence, are no longer equal to the work, for they have become unfaithful to the principles which inspired them and unworthy of the patriots who founded them.

"The Republican party is the open and avowed hand maiden of the trusts. It seems those who would rescue it repudiates those who would reform it and glorifies brazenly in its profitable infamy.

"The Democratic party is merely the envious of its sordid sister's ill gotten glory. It upbraids her at one election and imitates her at the next.

"The Republican leaders are the political attorneys of trusts and monopolies, the representatives in public life of those giant corporations which have superseded the people in this republic as the source of power and the seat of authority.

"The Democratic vanguard is a 'Palstaff's' army, it is led by a knight arrayed in a motley of modified professions and compromised principles of altered opinions and retracted statements.

"Mr. Hearst at this point in his address mentioned the names of Sullivan, Hopkins, Murphy, McClellan, Taggart, Ryan, Edmond, Bailey and Williams, describing them as officers of the Democratic vanguard and designating them in uncompromising terms. He then resumed as follows:

"A Palstaff's army, whose banner bears on one side a watchword for the people and on the other password for the trusts, whose only object is office at any cost, whose motto 'After us the deluge.'

Man Known by Company He Keeps.

Let Us Cook Lunch Tomorrow

You miss more than you know if you don't use Van Camp's. Please don't wait longer—order a can today. Let your people taste them once. Then do just as they say about getting the same brand next time.

Here are the most delicious beans in the world. No others begin to compare with them.

Beans infinitely better than beans baked at home, because they are nutty, mealy and whole.

We are selling millions of cans to neighbors of yours and to others. The demand is greater, by several times over, than for any other beans in the world.

Do you still go without them?

You can't afford to do that. Beans are 84% nutriment, yet see how many you get for ten cents. What other food—so appetizing, so nutritious—is nearly so cheap as beans?

Please prove if Van Camp's are as good as we say. Buy one can today—serve them tonight or tomorrow. Ask your people if they like them better than home-baked beans.

If they don't, that's all. But if they do you've found a new dish for your menu. A daily dish that can be served in numerous ways. A delicious dish, always fresh and savory; always ready to serve when you want it.

Please don't be content with home-baked beans. See if our beans are not better.

Let your people decide. Ask them if these beans—nutty and mealy—are better than beans that are mushy and broken.

Ask them if these beans—all baked alike—are better than crisped beans mixed with beans half baked.

Ask if they like the delicious blend that we get by baking the tomato sauce into the beans.

Then note the after-effects. Home-baked beans only partly digest, because you apply insufficient heat. So they ferment and form gas. Van Camp's don't.

Our beans are baked in small parcels—in ovens heated to 245 degrees. They are baked in live steam, not in dry heat. They are baked until that fierce heat separates the particles so the digestive juices can get to them.

The result is our beans are digestible.

Beans are Nature's choicest food when they are rightly baked. More nutritious than meat or eggs or cheese.

They are both cheap and delicious; all people like them. They should be a daily dish, not an occasional.

You will eat more beans, and save much on your meat bills, when you know Van Camp's.

Van Camp's PORK AND BEANS

Here are meals ready-cooked—delicious, savory, appetizing—meals that all people like. A dish that is 84 per cent nutriment, prepared in an ideal way. Think what a dozen cans will mean to you in hot weather.

Don't judge Van Camp's by other brands of beans. Please learn by comparison what a difference there is.

We buy only the choicest of Michigan beans, and only the whitest, the plumpest of those. The beans that we buy are picked over by hand, and all but the best are discarded. The result is, we pay several times as much as other beans would cost.

Our tomatoes are grown close to our kitchens, and ripened on the vines. Thus our tomato sauce gives to our beans that superlative, sparkling zest.

We could buy tomato sauce for exactly one-fifth what

has been said, the original things are not good and the good things are not original.

"It was built by political jackdaws who feathered their nests with the plumes of others without understanding their significance or intention as to their performance.

"It is the habitation of a hermit crab, which has no shell of its own and invades the first convenient one without regard to property or propriety.

"It is a platform, too, of reconciliation and apology, of harmony and hypocrisy, for in compliance with a former compact, Parker has pronounced peace; Bill Bailey has poured Standard Oil upon the troubled waters and Bryan has killed not only the fatted calf, but the goose that laid the golden egg.

No Man Can Serve Two Masters.

"No man can serve two masters and no man can conciliate the conflicting elements of the Democratic party.

"He who tries must serve one and deceive the other, must make public pretense to the people and private compact with the trusts.

"Our party is not a party of faction or sections or cliques or classes. We have no warring wings to pacify, no contradictory declarations to modify, no corrupt bosses to satisfy.

"Let us act boldly and speak plainly.

Reforms Must Be Made.

"Reforms must be made as the country develops and the people progress, but these reforms should be carried out by those in authority without any prejudicial, without egotism or sensationalism; without a brass band or a big stick.

"Not all who ask to be let alone really want to be let alone.

"The thief may well ask to be let alone in thievery, but the legitimate business man should ask for all the encouragement that an intelligent business administration can properly provide. It is a fundamental function of government to keep the peace and to keep the peace it must interfere to prevent fraud and violence and extortion and oppression.

"It is a fundamental function of government to maintain morality and to maintain morality it must interfere to secure a business morality as well as personal morality.

"It is a legitimate and proper function of government to promote conditions that will increase wealth and bring about a just distribution of wealth, that will secure increased profits for honest business men and insure a fair division of profits for honest workmen.

"We all want prosperity, and what is more, we want prosperity for all. I urge our party therefore to be intelligently and courageously constructive, not merely obstructive like the Republican party, nor destructive like the Democratic party.

Republicans Stand Pat.

"The Republican platform says 'nothing and means nothing.' It is a platform of statistical inventions, and political evasions. It is obviously the product of a party whose sole purpose is to stand pat and whose sole desire is to stay put.

"The Democratic platform contains some good and original things, but as

Let us make a platform so clear and so sincere that every citizen will understand our position and have confidence in our intention.

"Let us nominate candidates from among the many men here present whose lives and deeds are a guarantee of the genuineness of their attitude—a pledge of the sincerity of our profession.

"Then let us go forth to an honorable effort for a righteous cause, to battle and to victory."

Boy's Life Saved.

"My little boy, 4 years old, and a severe attack of dysentery. We had two physicians, both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life—William H. Stroeling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

"BABY MINE"

Every mother dreads the pain attendant upon the most critical period of her life. Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread.

Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event by the use of **Mother's Friend**.

TWO KILLED IN COLLISION

"Millionaire's Express" and Auto Come Together at Long Island.

Olen Head, L. I., July 28.—Two persons are dead and two seriously injured as the result of a collision here last night between an automobile and the "Millionaire's Express" of the Long Island railroad. Miss Light Townsend, a New York girl of social prominence, who was a passenger in the automobile, and Charles Smith, the chauffeur, died a few minutes after the accident. The other occupants of the car were Miss Beatrice Eddy, 22 years old, of Brooklyn, and Lloyd Robinson, aged 20, son of Charles Robinson, a New York banker and owner of the automobile.

The accident occurred at the Glenwood crossing. There is a long steep hill on the Glenwood road leading to the railroad crossing. Just before the tracks are reached the road levels out and there is a flat stretch of about 100 feet or so.

Smith, the chauffeur, had the automobile running at its highest speed to climb the hill and when the top was reached the machine darted forward at great speed on the level road. The automobile and the train sped toward the crossing as though they had been fired at the second to make the junction point. There was not time for Smith to stop the car and the oncoming train was powerless to check the oncoming train. The locomotive struck the automobile fairly in the middle with such terrific force that the machine buckled around the nose of the engine and clung there. The passengers of the automobile were hurled in all directions. Miss

Eddy narrowly escaped rolling under the wheels of the train. She was cut about the hands and face and received probably fatal internal injuries. Lloyd Robinson fell on soft soil, but was seriously hurt.

BEAR BURGLARS LOOT CABIN OF A RANCHER.

Helen, Mont., July 28.—A black and a brown bear last week looted the cabin of a Hat creek rancher, killing eight miles southwest of Billings, with the thoroughness and cunning of human burglars. According to a story brought here by E. N. Brundage, who says the story is absolutely true.

The rancher was awakened by hearing the cabin door open and upon looking up, he saw a black bear in the doorway, which entered, and in some manner closed the door after its entrance. The rancher's gun was on the other side of the door, and he thoroughly frightened about to make the spring, he saw the head of a brown bear in the embrasure, and it was not long before the two bears came in, the man waited in bed expecting his visitor even to pounce upon him. But instead, the unwelcome visitor made straight for the bed, where he found seventeen eggs and a side of bacon. The eggs he swallowed at once, but the side of bacon he hid in his mouth to the door which he opened with his paws, and disappeared in the timber.

The rancher was too badly frightened to step outside and he made no attempt to follow the intruder and the guards who remained on watch at the window.

LAUNCH CAPSIZES; THREE ARE DROWNED.

Pittsburg, Pa., July 28.—A gasoline launch carrying from sixteen to twenty workmen from the Jones & Laughlin Steel company's plant at Monongahela river to their homes, was capsized shortly after 6 o'clock last night in twenty feet of water.

The following men are known to be drowned: Henry Schaeffer, 18 years old; George Kimberley, 38 years old; Thomas Rice, 52 years old.

PIRATES UP TO DATE

Planned to Build Railroad and Start a Little City.

E. M. Ferguson Witnessed Sensational Escapade in Spanish Honduras.

With a tale of the escapades of a crew of pirates that sounds like a story from the pages of a monthly magazine, or a chapter from the life of Capt. Kidd, E. M. Ferguson has returned to Duluth from Spanish Honduras.

Few men in these peaceful days have the chance to see live pirates in flesh and blood, and to watch them steal a ship and cargo and prepare to found a city of their own in the wilds of a tropical country, but Mr. Ferguson witnessed such an incident during his recent visit in Central America. The story of the theft of the steamer Goldboro and her cargo is more or less familiar to readers of the daily papers, but Mr. Ferguson was in a position to get some details which have not been published.

"The steamer Goldboro was chartered by Bailey, Bros. & Meyers of New York city," said Mr. Ferguson in telling of the event. "She sailed from New York in May with a cargo valued at from \$50,000 to \$200,000, according to the different estimates placed upon it, and \$40,000 in currency. The cargo had been taken for shipment to different countries by the men who chartered the boat. They were doing a kind of export business in New York. She sailed under the American flag to British Honduras and from there under the English flag to Spanish Honduras. At Puerto

Cortes she changed to the Honduran flag, and it was planned to put her in the hands of the pirates. She sailed west thirty miles to Tela and anchored off the coast there. There was a small boat on the shore that they had \$40,000 to invest in Honduran products and lands, and it was not long before there was an assemblage of natives and foreigners with their wares to offer. In a short time it was announced that Bailey Brothers had purchased, as the Atlantida Banana company, a plantation of 500 menzanas of banana bearing ground for \$20,000. A general celebration followed, in which all the local celebrities participated. It was a feast that will long be remembered in that peaceful little port. Champagne flowed like water, and it was safe to say that the quiet little port never saw such a banquet before and probably never will again.

"When they recovered from the banquet they secured permission from the commandant to unload the valuable cargo of the steamer. The cargo consisted of all kinds of railroad material, telephones, gas, tools, brass beds, hand mattresses, acetylene plants, a complete outfit for a large number of men, and many other things too numerous to mention. What they intended to do with the material they don't know, but they couldn't use all of them, and the inhabitants of Monkey lagoon were principally alligators and monkeys.

Health Commissioner Patton came out serene, smiling and victorious at the end of the council meeting. An effort was made to get the aldermen to adopt a resolution censuring him for having allowed facts regarding the filthy condition of some of the dairies supplying Duluth with milk to be published before first taking the matter up with the council, and asking him to furnish a list of offending dairies so steps might be taken to prosecute them, but after a discussion and a series of arguments extending over most of the evening, the resolution was not discussed at all. Instead, a substitute, offered by Alderman McKnight, commending the health commissioner for the stand he has taken, and promising him the hearty support of the council in his campaign for better and cleaner milk, was unanimously adopted.

Thought Him Sincere.

All the aldermen admitted they thought Dr. Patton was sincere in his efforts, and that he was doing the best he could to improve conditions, but some of them were put out over the fact that he had allowed the facts to be published, for they claimed these facts got into the papers in such a way that the general public was led to infer that the aldermen who voted against Duluth with milk to be supplied before first taking the matter up with the council, and asking him to furnish a list of offending dairies so steps might be taken to prosecute them, but after a discussion and a series of arguments extending over most of the evening, the resolution was not discussed at all. In a short time it was announced that Bailey Brothers had purchased, as the Atlantida Banana company, a plantation of 500 menzanas of banana bearing ground for \$20,000. A general celebration followed, in which all the local celebrities participated. It was a feast that will long be remembered in that peaceful little port. Champagne flowed like water, and it was safe to say that the quiet little port never saw such a banquet before and probably never will again.

"When they recovered from the banquet they secured permission from the commandant to unload the valuable cargo of the steamer. The cargo consisted of all kinds of railroad material, telephones, gas, tools, brass beds, hand mattresses, acetylene plants, a complete outfit for a large number of men, and many other things too numerous to mention. What they intended to do with the material they don't know, but they couldn't use all of them, and the inhabitants of Monkey lagoon were principally alligators and monkeys.

Health Commissioner Patton came out serene, smiling and victorious at the end of the council meeting. An effort was made to get the aldermen to adopt a resolution censuring him for having allowed facts regarding the filthy condition of some of the dairies supplying Duluth with milk to be published before first taking the matter up with the council, and asking him to furnish a list of offending dairies so steps might be taken to prosecute them, but after a discussion and a series of arguments extending over most of the evening, the resolution was not discussed at all. Instead, a substitute, offered by Alderman McKnight, commending the health commissioner for the stand he has taken, and promising him the hearty support of the council in his campaign for better and cleaner milk, was unanimously adopted.

ness, a woman called me up the other day and told of seeing ditch-diggers along the road drinking out of the quart measure of a milkman, and then seeing him pour what remained in the measure back into the can, to be sold in the city.

"It is pretty hard for an honest man who is trying to do his duty to listen to insinuations that he is having his palm greased for doing his duty. The dairy inspector makes four, five and even six visits to some dairies. He orders them cleaned up on the first visit, and comes around later on to see that the orders are obeyed. If they are not obeyed, and the requirements are not followed out, we see to it that the dairyman is properly punished, but thus far all the men have shown a willingness to do as ordered, and, as I say, conditions have been improved 50 per cent."

"I will not vote for a resolution condemning a city officer for trying to do his duty," said Alderman Moore. "And there is no doubt that he is trying to do his duty."

Mr. Moore then told of the bad conditions of many dairies, as quoted above. "This question is a most important one," he continued. "We should not shirk our duty. I admit the spirit Dr. Patton has shown. It is the same spirit I have tried to show in connection with the liquor business. I have not at any time tried to persecute the saloon men. All I asked was that they be educated into obeying the liquor laws, and made to understand that they must obey them, or suffer the consequences."

"It was a process of education. Dr. Patton is going at this milk proposition in the same way. It is the right way, and also the hardest way from the point of view of the dairies. The easiest way would be for Dr. Patton to send an officer to the offending dairies and have them arrested and fined. The hardest possible way is to go to all the dairies, educate them, and have them give facts to the dairies regarding the rottenness of the dairies. A lot more things have been given to the papers. Only facts were told. I move that the resolution be laid on the table."

The motion was lost by a vote of 8 to 7.

Alderman Shattell said he was satisfied Dr. Patton was trying to do everything in his power to improve the milk supply. He thought his system, however, was hard on the dairyman, while the big fellows doing business here from outside the city escaped. He believed they should be treated the same as the local men.

now, their authority is to be weakened and diminished by the introduction of the jury into the jurisprudence of England or America, except in the case of the United States. Now can we expect that such a measure will have efficient enforcement? Will the jury be able to do justice in jury in such cases seem to suppose that the jury will be able to do justice only to the benefit of the poor and the ignorant, and that the rich and the educated will secure chief advantage from it who is the wealthy and the educated, who will employ astute and cunning counsel and anxious to avoid justice. I have been willing, in order to avoid the necessity of any intervention that a judge in punishing for contempt of his own order of intervention, should be empowered to approve a law which would enable the contemner, if he is a lawyer, to employ a lawyer to sit to hear the charge of contempt, and to employ a lawyer if there are available in the federal court, who would not constitute a delinquency. The character and efficiency of the trial would be destroyed. The trial would be the trial of a jury trial in such cases as the jury would be able to do justice in the order of the court would rely upon as a reason for doing so.

MAINTENANCE OF FULL POWER OF COURTS NECESSARY TO AVOID ANARCHY.

The administration of justice lies at the foundation of the authority of the courts is essential unless we are prepared to admit that the country has been in the history of the country has there been a great deal of anarchy. The judicial system as the proposal to introduce a jury trial into all cases where the court made after full hearing, and the enforcement of such orders.

CURRENCY AND BANKING.

Mr. Taft endorsed the plank of the platform which called for a currency system and strongly approved the introduction of a currency into the system. He criticised the Democratic proposal to enforce the Insurance of the currency by the government, and the whole banking system of the country.

OUR DEPENDENCIES.

Mr. Taft next discussed the Republican policy as to dependencies which he said is to "leave them alone," and declared that the proposition to "annex" them would lead to chaos in the islands. He urged tariff laws permitting the free importation of products between the United States and the Philippine Islands.

IN CONCLUSION.

He discussed the Republican platform's references to tensions, the rights of the negro, the army, and navy, the protection of the coast, the conservation of national resources and national health, business, the tariff, the national debt, contributions and expenditure. Mr. Taft said that the Republican platform "proposes the protective system of customs and tariff, which will give the country a surplus income enough for governmental needs, and should be revised which will conform to the Constitution. He said that the Republican platform will

**DOWN BARON FALLS
 DOWN MOUNTAIN SIDE.**

Banff, Alb., July 28.—All Banff is talking of the sensational and miraculous

escape of Baron von Rosenberg from a terrible death near here. The baron was climbing Mount Rundell with two friends when he stepped on some projecting snow near the summit of this famous mountain. His weight caused the snow ledge

to give way, and he was carried down the mountain side forty yards. At that point there was a small cliff, over which he was carried, and there remained in safety while tons of snow and ice, started on their downward trip by his fall, rumbled over him on its mad rush to the base of the mountain. Even after the avalanche had passed he was afraid to move from his place for fear of another slide.

Office Patronage Steadily Increasing at West 21st Ave. and Superior.

"The proof of the pudding is the eating of it." Perhaps this accounts for the enormous success of Dr. Williams' Medical Compound, and the increasing number of patients at his office. Among the many people who have eaten of the pudding and found it as represented was Mrs. Grace Bryle, 2811 West Helm street, who several weeks ago could not talk above a whisper, but who called today to thank the experts for relieving her so much that she could speak as good as ever. She said that her pains in the back, kidney and bladder trouble was fast disappearing. It was a hard task for her, but she thought of herself that

his case of rheumatism could be cured. He had tried so much and called that he was skeptical. But hearing about the great cures performed by Wittman, he determined

is Strong.

Brandon, Minn., July 28.—(Special to The Herald.) By bunching hits off Glendie in the second and eighth innings and taking advantage of every opportunity on the bases, the Brandon Angels won the first game of the series with Winnipeg by a score of 3 to 2.

Brandon took the lead in the second, when O'Dea and Wagner doubled, Livingston singled and Beatty batted one. Kellar got away nicely for Brandon until the fifth, when the Maroons hit him. Four straight hits scored two runs and put Brandon in a bad way, but Kellar was derelict and Dahlgren stopped the rally. Dahlgren held Winnipeg to one hit for the remainder of the game and was never in danger.

The home team won in the eighth, when Livingston hit for two runs with Wagner on first base. Summers made two good running catches in the ninth, cutting off Winnipeg's chances of scoring.

The Sox and Browns were forced to play a conversational game yesterday, as J. Pluv was giving the diamond at Athletic park a bath. There is no meter on the flood gates, for the old boy let loose a generous supply of water and laid the dust in good shape.

The Sox are fairly taking to it at the Browns and will probably get their chance today. The Duluth air is fine for that ball team. As soon as they return home they get the winning fever. The Sox are out for every victory they can possibly get and before they break away again they expect to be so close to Brandon that they can reach right up, pull Artie O'Dea and his crowd down, and perch on the topmost point themselves.

up the consideration today of the ques-
tion whether the criminal suits against
the Standard Oil company for alleged

the Standard Oil company at Chicago,
some fifteen months ago, was brought

THE SULTAN
IS UNEASY

Favorable Feeling May
Turn Against Him at
Any Moment.

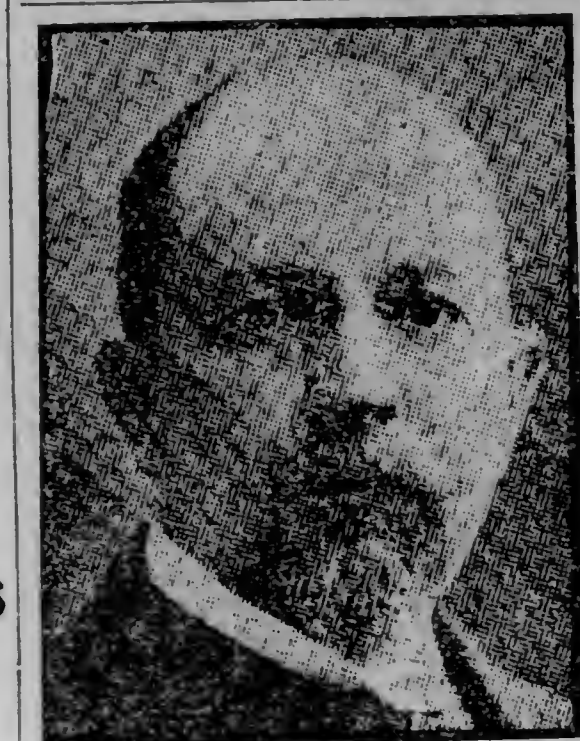

Must Consent to Dismissal
of the Palace
Camarilla.

Constantinople, July 29.—The crisis
in Turkish affairs is by no means over,
over. The demonstrations that have
been in favor of the sultan may at
any moment turn against him if he
does not yield to the demands of the
Constitutional party for the dismissal
of the palace camarilla. It is believed
that the sultan will make these con-
cessions, although to do so is a difficult
matter. Some of the obnoxious offi-
cials already have been removed. It
is apparent that the sultan is becoming
uneasy. Those last evening prevented
further demonstrations in front of the
palace. It is believed that some of
the most important of the officials will
either flee the country or seek refuge
at one of the foreign legations.

An imperial decree made public today,
convenes the first Turkish parliament,
under the new constitution for Nov. 1.
This document announcing this decision
appeals to the people to cease their
demonstrations, pointing out that as
the sultan has proved himself to be
loyal and his intentions strictly to ob-
serve the constitution and labor for the
prosperity of all his subjects, there is
no longer reason to continue the man-
ifestations, which only impede the
progress of events.

Has Been With Bank
Twenty Years and
Prominent Socially.

Racine, Wis., July 29.—There was a
sensation in financial circles here to-
day when it became known that John
Schulte, paying teller of the First Na-
tional bank, was short \$15,000 in his
accounts and had disappeared. The
discovery of the defalcation was made
when Bank Inspector Charles Mertens
came here on his semi-annual inspec-
tion. He had entered a cage with
Schulte and found the cash there all
right. Suddenly Schulte left the bank
and said he would return in a moment.
He failed to return, and the money
in the vault was counted and found
to be short \$15,000.

Schulte had been with the bank
twenty years, the past year and a half
being his last. He is from one of the
best families in the city and was
supposed to be an exemplary young
man. His young wife says she knows
nothing about the affair nor of his
whereabouts.

He Occupied Prominent
Place in the Famous
Molineux Trial.

New York, July 29.—That the slain
body of a man found floating in the
tide of Gravesend Beach last Sunday
is that of Harry S. Cornish, one of the
central figures in the Adams murder
case of a few years ago, is the opinion
of a man who was in almost daily
contact with Cornish at that time. He
is Charles Crane, who was employed
as a private detective to watch some
of the Molineux jurymen while the
trial was in progress, and who now
holds a concession in a Coney Island
amusement resort. He said that Cor-
nish had been in business at the same
resort for several years, that he has
seen him almost daily, and is con-
vinced it is the same Cornish who oc-
cupied such a prominent place in the
sensational columns of the newspapers.

Canton, July 29.—In a devastating

drowned. The British river gunboat
Robin and the French river gunboat
Argus and Vigilante went adrift and
were considerably damaged. The west
river steamer Tung Kong foundered,
gallantly rescuing Captain Basin and
his crew, seventy-eight survivors in
all. In the city numerous houses col-
lapsed, entombing the occupants. The
public gardens were wrecked.

Transcontinental Roads
to Abandon the Orien-
tal Trade.

Export Business Will be
Abolished on First
of November.

Business Has Amounted
to Over \$250,000,000
Annually.

Chicago, July 29.—The Record-Herald
today says: The trade of the United
States with the Orient, Australia and
New Zealand, amounting to over \$250-
000,000 annually, and of Canada, with
the same countries, has been dealt a
severe blow by the trans-continental
railroads, which have decided to aban-
don a large portion of this business.

By the same action the railroads,
controlled by Edward H. Harriman,
James J. Hill, the Berwind syndicate
and the Canadian government, have
made it possible, it is asserted, for the
Japanese government to realize speed-
ily its ambition to become the master
of all trade in the Pacific seas.

The Canadian Pacific, Great Northern,
Northern Pacific, Union Pacific, South-
ern Pacific, Oregon Short Line and
Santa Fe roads have served notice
upon the shippers that they will go
out of the export trade to China, Japan,
New Zealand and Australia Nov. 1, and
practically will abandon the import
trade.

In so doing, the roads are carrying
out a threat which was made to the
interstate commerce commission at the
time that body issued what is known
as Rule 5a. It is displeasing at this
rule and the belief upon the part of
the railroad managers that they cannot
comply with it except at the severe
cost of their revenues on domestic
business which caused them to abandon
the Oriental trade. The rule in
question requires the railroads to pub-
lish the initial proportions of their
import and export rates and to subse-
quently modify by the commission
not to change these rates under a
three days' notice for lowering and a
ten days' notice for an increase.

Woman Robs Because

Chicago, July 29.—How a germ of
thought, dropped at the psychological
moment into the brain of a modest
housewife, transforms her into a bur-
glar developed last night after the grand
jury indicted Mrs. Edna Klein, 134 Perry
street on six charges of burglary.

Mrs. Klein, who has heretofore lived
the simple and innocent life of the
average mother of a growing family,
said that her sole motive was a desire
to see her four children dressed as
those of her wealthy neighbors and
that the crime followed the idle sug-
gestion of a thoughtless friend that
burglary is not always wrong.

IS LOSING HIS NERVE

Wilson Becoming Worried
and Despondent as
Sentence Draws Near.

Fellow Prisoners Assure
Him That Rope's End
Awaits Him.

With the time for his sentence drawing near, Henry Wilson, wife murderer, is losing his nerve and it is keeping the jailers busy keeping up the spirits of the man whose life may depend upon the sentence to be pronounced by Judge Dineen.

Until this week Wilson has been perfectly cheerful, counting on a new trial to clear him of at least to change the degree of his crime so that imprisonment might take the place of death at the rope's end. This week, however, he has become morose and anxious, and is being watched carefully.

Not the least of the jailers' troubles is the attitude toward the doomed man of

many of his fellow prisoners in the county jail. They have been taunting him with assurance that he is doomed to hear the fatal words, "he is hanged by the neck until dead," and that he will hear the trap click and the rope jerk up about his neck. The wardens have done their best to stop this sort of brutal procedure, but have not succeeded.

One of the fellow prisoners was heard advising him to get out his Bible and study up on it, so as to be able to answer the catechism of St. Peter when he "got to the other side."

The sentence is expected at any time now. It was moved for last Saturday by County Attorney Norton, but the court stated that sentence was not quite ready, and would be delivered some time this week. It was rather expected today, Judge Dineen having disposed of the McArthur case yesterday, but the judge is holding court in Carlton. It is not at all unlikely that Wilson will know his fate tomorrow.

It is not definitely decided whether an application for a new trial or an appeal direct to the board of pardons would follow a death sentence, if imposed.

A BROOKLYN TRAGEDY.
New York, July 28.—An autopsy will be necessary to determine the cause of the death of a woman whose charred body was found in a bonfire on a vacant lot in the Williamsburg section of Brooklyn today. The legs and arms of the victim were nearly burned off.

HEARST IS CHAIRMAN.
Chicago, July 28.—The national committee of the independence party today elected William R. Hearst as chairman. C. F. S. Neal of Indiana and M. W. Howard of Alabama were elected secretary and Charles A. Walsh of Iowa, treasurer.

ALLEGED MURDERER FOUND.
Granite City, Ill., July 28.—Andrew Honz, charged with killing Annie Langbecker, was found by the police today in a swamp near here, where he had been hiding in the woods since the crime Sunday night.

FIRST WISCONSIN CENTRAL TRAIN ARRIVES AT THE HEAD OF THE LAKES BEARING TRAFFIC OFFICIALS ON TOUR OF INSPECTION

THE WISCONSIN CENTRAL OFFICIALS.

The first train over the new extension of the Wisconsin Central entered Duluth at 11 o'clock this morning. This event is significant of a tremendous development of the territory contiguous to the Head of the Lakes, and of a still more wonderful development of the territory that lies further to the west.

The greatest feature of the trip of the traffic men to Duluth is that the officials of the Wisconsin Central recognize the growing importance of this territory.

They haven't come up here merely on a pleasure jaunt or to spend a pleasant vacation. They have come to Duluth to become acquainted with the shipping possibilities of the territory.

A short line between Chicago and Winnipeg, with Duluth as the trade center of the long rail lines, means, according to the belief of well-informed members of the party that the golden grain of the Canadian Northwest will be routed via this traffic center.

Mr. Starr's Opinion.
H. C. Starr, vice president and general attorney of the road, probably knows the possibilities of this territory as well as any man connected with the road. This is what he says:

"We have not come here without having the utmost confidence in the territory which we are entering. We believe that there are great possibilities

here. We have built a direct line from Chicago, a line that connects the Middle West with the great Canadian Northwest, through the medium of the Winnipeg road. The great traffic at the Head of the Lakes will grow to vast proportions, much greater than it is today, and the officials of the Wisconsin Central feel that they have entered a territory rich in natural resources; a territory whose great asset is its future greatness.

"Business is improving. I think that this section of the country will be one of the first sections of the United States to feel the general revival in trade. You really don't know that there has been a money panic. Your farmers throughout the Northwest have not felt its stringency. They are in a position to feel the first general stimulus of better business conditions. For this reason this part of the country will respond more rapidly than other sections of the country which have felt the panic in its more serious aspects."

"Our line has reached Superior. Our depot there will be finished by the first of October. Our depot here will be completed as soon as the work on the tunnel is finished. We are going to erect a first class station in every detail, because we are of the opinion that the demand of the territory calls for that kind of a structure. We have

the utmost confidence in Duluth and we are bringing our men here to get acquainted with the situation here."

Fred E. Singer, general freight agent, stated that the object of the trip was to promote a friendly feeling between the shippers and employees of the road. Mr. Singer expressed the opinion that the new line would prove a winner from the first, because of the natural advantages of the territory.

If there is not set back this fall Mr. Singer believes that the business will reach unusual proportions.

"You are one of the great commercial centers of the world," said Mr. Singer. "You take wheat and ore down the lakes and your ships come back filled with coal. Your trade between eastern centers is steady and assured. It won't be so very long before the increased wheat acreage of the Canadian Northwest will have reached such a large area that the Canadian must look to the United States for a market. I believe that wheat will be sent east between this city in no great distant time. This section of the country is extending its boundary and the trade some day be linked with the natural commerce of the Northwest. A new route to the East will be established by natural and inevitable trade conditions. The members of the party were the

guests of G. A. Sherwood, local agent of the road, at a luncheon at the Commercial club. Before the luncheon the members of the club met the traffic men at an impromptu reception. After lunch the members of the party were the guests of the city on a ride over the boulevard. Members of the Commercial club accompanied the railroad men.

This morning the special traffic train, made up of seven coaches, was stopped at Garfield avenue and the members of the party alighted and made a thorough inspection of the work within the city limits. The railroad men footed it from Garfield avenue over the construction work into the city. The party will leave for St. Paul tonight, over the Northern Pacific.

Following are the members of the party:

Fred E. Singer, general freight agent; J. C. Pond, general passenger agent; E. C. Clark, assistant general freight agent; V. L. Freeland, assistant general freight agent; G. T. Huys, assistant general freight agent; H. W. Steinhorst, assistant passenger agent; C. A. Canning, contracting freight agent; W. L. Scott, contracting freight agent; W. L. Pratt, general Eastern agent; E. A. Bancroft, traveling freight agent; W. L. Jones, contracting freight agent; Harry S. Wood, district passenger agent; W. S. Campbell, general agent; W. H. Boyd, traveling manager of the National Dispatch.

agent; S. J. Lamoureux, traveling freight agent; C. K. Landes, general agent; C. D. Harper, district passenger agent; W. D. Van Schaack, general agent; George Barnes, traveling freight agent; T. B. Montgomery, general agent; J. C. Bean, contracting freight agent; John Rickel, contracting freight agent; H. A. Krieger, contracting freight agent; Frank Ryan, traveling freight agent; J. J. Walsh, contracting freight agent; O. C. Hill, district passenger agent; J. A. Millington, general agent; W. M. Stephenson, general agent; Herman Brown, Northwestern passenger agent; H. J. Berkmann, district passenger agent; W. P. Haggmiller, contracting freight agent; J. H. Hurtnagh, contracting freight agent; G. A. Sherwood, general agent; G. H. Anthony, general agent; James A. Cook, general Western agent; George S. Taylor, district passenger agent; W. P. Lockwood, commercial agent; L. E. Paikill, commercial agent; J. A. Smith, traveling agent; A. C. Wilson, division freight agent; D. C. Frost, division freight agent; F. E. Kuehn, chief clerk, general freight department; W. R. Hurley, chief clerk, general passenger department; M. S. Thorne, secretary to general freight agent; Van Valkenburg, superintendent of train service; D. W. Cooke, general traffic manager of the National Dispatch.

RAILROADS ROADS WARN COAL MEN

Car Shortage May Result From Late Fuel Orders.

Situation of Two Years Ago May Be Repeated This Year.

Commercial agents upon the northern section of the Northern Pacific were informed today that every effort must be exercised to induce the coal dealers to make prompt orders of fuel in the communication of the agents of the road were informed that there might be a car shortage approaching that of two years ago, should the coal and wheat movement come at the same time.

Up to the present time hardly any coal has moved westward. The orders of the road for the past two months are a condition that may occur this year.

Officials of the Western roads state that there is becoming more scarce and that in the event of a heavy crop movement the coal will be in very hard to get coal. The lesson of two years ago is held up to the dealers as a condition that may occur this year.

For the past three months efforts to induce the coal dealers to get their orders have been without avail, but the warning issued this morning may bring results.

Collecting Cars.
Fargo, N. D., July 28.—(Special to The Herald.) The railroad companies running into North Dakota are profiting by the experiences of two years ago, and have been herding up box cars for some weeks, and picking up empty at strategic points for handling the grain when the movement to the market begins. The officials assert there will be no car shortage in this section.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co., Phone 111.

Alfred Borgon Fined.
Alfred Borgon, 24 years of age, was fined \$5 in police court this morning for assaulting Mike Miller on the Bowery. He claims Miller called him "the name," and that he struck him on that account.

Mrs. R. E. Shearer Dies.
Mrs. R. E. Shearer, wife of the aerial bridge operator, died at 8 o'clock last evening at her home, 1810 Minnesota avenue, Park Point, after an illness of only two hours. She was suddenly stricken with apoplexy. She was 55 years old, and her husband and two daughters survive her.

Sue Aurora Firm.
The Gowen-Peyton-Twoy company this morning commenced suit in the district court for \$200 against John W. Olson, and one Henry Olson, doing business as the John W. Olson company at Aurora. The amount represents the unpaid bal-

ance of a bill of \$219.95 incurred between May 11, 1905 and Sept. 25, 1907.

Foster Son Arrives.
It is possible that the appointment of Henry Foster to the guardianship of Mrs. Josephine Droz, incompetent, may not be necessary. Louis A. Droz, her adopted son, arrived from the West this morning, and is considering taking his foster mother back with him. With this adoption while a baby, and did not know that Mrs. Droz was his real mother until he was of age.

Single Taxers Will Meet.
A meeting of Single Taxers and other admirers of Henry George will be held at 8 o'clock, to make preliminary arrangements for a celebration in his honor on the anniversary of Mr. George's birthday, Sept. 2, 1908. It is desired as many interested as possible be present.

Fire in Barn.
Fire this morning damaged Panton & White's barn, Tenth avenue east, between Third and Fourth streets. Just what caused the blaze is unknown. The fire department soon had the flames under control.

Building Line Easements.
The building line easement commission held a meeting at the city hall this morning, and some easements were decided upon. They are in the East end, West end, Duluth Heights and Woodland.

For Stealing Clothes.
Thomas Ryan was this afternoon sentenced to a jail term of three months for the theft of some clothes from Edward Nelson. Ryan is claimed to have taken shoes, a hat and a shirt.

The Irritating Soft Answer.
Senator Tillman at a banquet in Washington said in a humorous defense of outspoken and frank method.

"These people who always keep calm with me with mistrust. Those that never lose their temper I suspect. He who wears under abuse an angelic smile is apt to be a hypocrite."

"An old South Carolina deacon once said to me with a chuckle: 'Keep you tempah, son. Don't you quarrel with no angry pusses. A soft answer is an illius best. Hit's commanded—an' futhermore, sonny, hit makes 'em maddah'n anything else you could say.'"

Henry K. Brorby, advertising manager for Bayha & Co., is spending his vacation with his parents at Chicago.

Samuel Matthews of Fargo is in the Spaulding. He says the Dakota crops are looking fine.

Charles Fay of St. Peter is in the city on business.

cashier did not know Signor Arditi, he told him he must get himself identified before he could receive any money.

"But I do not know any one here," protested the musical conductor.

"I am very sorry," said the cashier.

Signor Arditi thought for a few moments, then presently said:

"Do you ever attend the opera, young man?"

"Frequently," said the cashier. "I am very fond of music."

"Then you must know me," and taking off his hat and turning his back upon the cashier, Signor Arditi beat time vigorously to an imaginary orchestra.

"Oh, yes!" exclaimed the cashier. "I know the back of your head very well. You are Signor Arditi." And he handed out the money to the musician without further ceremony.

SEIZED WITH CRAMPS: FARMER'S SON DROWNS.

Melva, Wis., July 28.—Walter Ames, aged 19, the son of Byron Ames, a farmer residing near here, was drowned in the mill pond here while in swimming with his cousin, Clarence Lindsey. Ames was seized with cramps and crying for help. Lindsey swam out to him and grabbed him by the arm and hair when he came up again and for a little while he was able to keep him above water, but finally the burden became so heavy and he became so exhausted that he could not hold on any longer and he had to let go or drown himself.

CONCERNING WOMAN.

The visiting summer girl stood on the corner waiting for a car. Her jacket was buttoned up tightly and her fur neck piece was clasped close about her neck. Her left foot rested on the instep of the right and her shoulders were crunched together and her nose was slightly blue. Altogether she presented a fine appearance of a person suffering from intense cold.

"Good morning," said a chance acquaintance breezily. "Fine weather isn't it?"

"No it isn't," chattered the visiting summer girl for once casting aside her expression of being pleased with everything. "I'm so cold I never expect to be warm again."

"Of course," said the loyal Duluthian. "It isn't hot."

"I should say it wasn't," said the visiting girl.

"But how much better it is," observed the Duluthian, "that it should be so warm that we should go around with the powder out of our noses and the starch out of our back bones, suffering from the heat."

"I never had them," said the visiting girl as if that were a virtue, "and anyhow I would a good deal rather be enduring prickly heat than be shivering until I'm blue all over."

The loyal Duluthian whispered in her ear.

"I didn't take any with me," said the visiting girl. "So I can't put them on. I thought I was coming to spend the summer and I had visions of myself sailing and canoeing with breezes tossed and sun kissed hair and my sleeves rolled above my elbows. I took quantities of cold cream to slay sunburn and I massaged my elbows all winter so they would stand the test of being seen. I took nothing with me but linen sailing suits and sailing dresses with sailor collars that show a triangular bit of neck. I happened to come by way of the lakes so I took this fur neck piece and it has been the one joy of my young life. I am so cold," said the visiting girl. "You certainly do look funny wearing a fur in July," said the loyal Duluthian.

"I don't care how I look," snapped the visiting girl.

"My," said the loyal Duluthian, "you must be cold."

"Well I am," said the visitor, "and what's more I haven't been warm for four weeks except once when I had a Turkish bath."

"We rather like our weather this way," said the supporter of the July winter. "Why, fifty miles from here people are sitting around just melting the flesh right off them, and their tongues hanging out of their mouths, and their hair plasters itself close to their faces straight and unpleasant looking. And they can't eat nor sleep, and some of them are dying, all from the heat."

"Where did you say that was?" inquired the visiting girl, showing a ray of interest. "I'd like to go there."

"People are dying from heat prostration all about us," said the loyal Duluthian, "while we, close beside this unheated sea, from which blow the cooling breezes which make the struggle for life, liberty and the pursuit of happiness—I suppose you're really too cold to enjoy any ice cream."

"Oh, I don't know," said the visiting girl. "I guess I'll take a chocolate nut Sunday."

COVENTRY-FAIRCHILD

Afternoon Ceremony at Home of Bride's Brother.

At a pretty home wedding service this afternoon at the home of Dr. and Mrs. W. A. Coventry of 1911 Piedmont

avenue, their sister, Miss Blanche F. Coventry daughter of Mrs. Mary Coventry became the bride of David L. Fairchild of this city. The living rooms were prettily decorated in yellow daisies and at 5 o'clock the service was read by Rev. James L. McBride of the Second Presbyterian church before the immediate friends. There were no attendants.

The bride's gown was of soft white cloth elaborately trimmed in Japanese embroidery and she carried a shower bouquet of lilies of the valley. An informal reception followed the ceremony.

Mr. and Mrs. Fairchild will leave this evening for a wedding trip. The bride's going away gown is of blue cloth. After their return they will be at home in Duluth.

The out of town guests for the wedding were Mr. Fairchild's mother and sisters, Mrs. Fairchild and Miss Laura Fairchild of Madison and Mrs. LeGrand Rockwell of Elkhorn, Wis.

ANNUAL OUTING.

Bethel Sewing School to Hold Yearly Picnic.

The annual outing of the Bethel Sewing school will take place Friday of this week and the hundred small girls who are this year enrolled in the sewing school will journey to Chester Park for a whole long day of unalloyed delight. The Sewing school picnic is one of two important events in the year's history. The other is Christmas.

The school has been held this summer in the kindergarten rooms at the high school and the attendance since the change of the place of meeting, has been doubled. A most delightful time is being anticipated for Friday. If perchance it should rain, the affair will be held Saturday.

Boat Club Parties.

Mrs. Barbara Hibbing entertained at a dancing party last evening at the boat club house in honor of her daughter, Miss Dorothy Hibbing and her guest, Miss Barbara Lutz of Ellaboth, N. J. A brass band orchestra played a delightful program of music and sixty of the younger society people enjoyed a delightful evening.

Misses Dorothy and Elizabeth Olcott entertained yesterday afternoon at a launch party up the river. Twenty guests were entertained.

Misses Virginia and Mary Erick will be hosts at a dancing party tomorrow at the Boat Club house.

Events of Interest.

Mrs. Henry C. Marshall will receive Friday afternoon of this week at her home, 202 East Fifth street in honor of her guest, Miss Hageman of New Jersey.

Miss Alice Scott will be hostess at a bridge tomorrow afternoon in the main parlors of the Hotel of Minneapolis.

Return From Outing.

Mr. and Mrs. H. F. Williamson, Mr. and Mrs. A. W. Hartman and Mr. and Mrs. P. P. Dowse have returned from the Great Lakes. They were on H. E. Wick's private yacht, Capicola. The Capicola is the finest private yacht on the Great Lakes. It is 137 feet long and is furnished throughout in a luxurious fashion. The week's trip was a delightful one.

Informal Party.

The Messes Newstrand, Huntley and English entertained informally last evening.

What Retail Markets Offer.

Blueberries, only 15 cents a box. Blackberries, also 15 cents a box. Seedless white grapes, 80 cents a basket.

Watermelons, 40 to 50 cents each. Cantaloupes, 3 for 25 cents. Beef kidneys, 10 cents each. Cakes' brains, 2 sets for 15 cents. Smoked whitefish, 15 cents each.

Is there ever a time when you look so pleasant and feel so happy as very shortly after you have eaten a half of a blueberry pie. The purple stain, which is always a matter of much comment from your frank friends who haven't enjoyed the luscious delight, is so drawn to the skin when you eat blueberry pie is the cause thereof.

"Your face is all covered with ink," says the frank friends with that exaggerated disregard for facts which usually identifies frank friends.

"No it isn't," you say dreamily while the subdued glow of perfect happiness glows like a soft illumination from your countenance.

"What is it, then?" inquires the frank friend.

"Blueberry pie," you slowly announce while you close your eyes in ecstasy and feel in your breath with rapid adoration.

Is there anything on earth quite so nice as blueberry pie. Pie with a crust so abbreviated that Antony Comstock might almost call it unclothed, and a filling so juicy and—

Here's hoping you had it for desert tonight.

Motion to Strike Out Charges as "Slandrous" is Refused.

The more important allegations in the answer submitted by W. H. Cook to Hansen Smith's complaint in an action begun by Mr. Smith to recover commissions amounting to about \$100,000 from Mr. Cook will stand, Judge Dibel stating that the charges were of a serious nature, but leaving the more serious ones.

In the complaint Mr. Smith alleged that he had induced Charles F. Ruggles and his associates to invest about \$200,000 in plans which Mr. Cook was carrying on, especially in the Duluth, Rainy Lake, and Winnipeg, railroad. For this he was to receive a commission of 5 per cent. He claimed, none of which had been paid.

In his answer Mr. Cook made some startling allegations. He stated that Mr. Smith had, by reason of his instrumental-ity in interesting the Ruggles money in the venture been designated treasurer of the Minnesota Land & Construction company. While holding this office he had, so Mr. Cook alleges in the answer, appropriated to his own use and for his affairs entirely for the corporation for which they were intended the sum of \$25,000. When called to account by other officers of the corporation, Smith had given a note for the amount, no part of which has, so Mr. Cook's knowledge, been paid. The answer alleges that the taking of the money was an embezzlement.

Further, the complaint alleges that Mr. Smith had induced A. A. Barnes, trustee for his estate in bankruptcy, not to press the claims against Mr. Cook until the limitation within which he could be prosecuted criminally for embezzlement, had expired.

In the motion to strike out certain points in Mr. Cook's answer, Attorney J. A. Keyes for Mr. Smith, moved that these two allegations be struck out as "untrue, slanderous, and inserted solely to intimidate the plaintiff into discon-

tinuing the action." This request Judge Dibel in his order filed this morning, disregarded.

A number of minor allegations, which Mr. Keyes moved to be stricken out, were ordered stricken from the court. These related to the present condition of the estate of Hansen Smith, bankrupt, and the amounts outstanding. One claim, the answer alleged of \$2,000 was not entered into the bankrupt account because Hansen Smith had contracted fraudulently for it, part of it being a claim incurred in securing funds with which to settle his accounts with the estate of Cassius C. Merritt, of which he was administrator, and a portion of the remainder being incurred in connection with the alleged embezzlement above referred to.

There are about \$20,000 of debts Mr. Cook alleges, incurred by the bankrupt partnership of Hansen E. Smith and J. F. Smith, which are still unpaid. These last two allegations were stricken by the court's order.

The order and the answer were filed this morning with the clerk of the district court. By stipulation, Mr. Smith has eight days in which to prepare an answer to Mr. Cook's allegations.

Washington, Bailey & Mitchell represent Mr. Cook.

Vote in Texas Primaries Opposed to State Wide Prohibition.

Dallas, Tex., July 28.—Practically complete returns from 117 of the 234 counties of this state and scattering returns from 87 others give the vote in last Saturday's primary election for the negative in the matter of the submission of a state-wide prohibition amendment, 77,726 votes, and the affirmative 68,833. The total vote is estimated at 200,000, and of this number 200,000 have been accounted for, many persons not voting on this proposition.

The election law declared that no specific demand for legislation shall be made in the party platform unless it shall have received a majority of all the votes cast in the primary election, and the submission proposition, it is believed, will fall this requirement, by perhaps 6,000 votes which complete returns are received.

Duffy's Pure Malt Whiskey

Mrs. Freeman Vigorous at 114.

In an interview with Mrs. Campbell, who lives at Red Bank, Pa., and who is the daughter of Mrs. Freeman (114 years of age), she stated: "My mother has been using Duffy's Pure Malt Whiskey and is anxious to have me tell you that she felt its strengthening effects at once. We know that it has done her a great deal of good. She is 114 years of age and needs something to sustain her strength. She thinks it is a great stimulant and no old person should be without it. I, myself, know what she says about your medicine is the truth."

Duffy's Pure Malt Whiskey kills the disease germs and keeps the system in a normal, healthy condition. It keeps the old young, the young strong; it is invaluable as a tonic for overworked men, delicate women, and sickly children. Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a pre-digested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science, softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$4.00 per bottle.

If in need of advice, write Consulting Physician, Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a handsome illustrated, medical booklet containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the World's greatest medicine.

DO NOT WEAR ENOUGH CLOTHES

Complaints Against Lester Park Bathers Are Becoming Numerous.

"Back to nature" bathing in Lester Park is to be put under the ban.

As long as the "swimming hole" at the foot of the falls was used chiefly by little boys, who usually had the decency to array themselves in trunks, when in bathing, the city park authorities were suspended and bathing was permitted. Of late however, the fame of the place as a "cooling" for hot days has spread and is frequented by much older boys and even by grown men, many of whom show a fine disregard for decency and scorn bathing suits.

Many of these roughs, do not, it is said, have the decency to remain under water when women and children are in the vicinity, and the complaints of the park pioneers are becoming more and more strenuous and frequent. It is likely that some arrests will be made in the near future.

UNION LABOR IS FOR BRYAN

State Labor Commissioner Talks on National Politics.

"Bryan will get the labor vote of the country," said State Labor Commissioner W. H. Williams at the Lenox yesterday. He is in Duluth from St. Paul in connection with business of his office.

"Mr. Gompers and the executive board of the American Federation of Labor have come out openly in favor of the Democratic leader, he continued, 'and there is good reason to believe that the rank and file of the federation will follow suit.' Organized labor was unable to get anything from the Republican convention at Chicago, but at Denver they succeeded in getting about everything they wanted."

"As Mr. Gompers puts it, the Democratic party has taken up the cause of labor and is fighting its battle. I think the Minnesota organized labor forces are going to vote the Democratic ticket. They will have to do it in self defense."

Mr. Williams is checking up the reports of James Walsh of the free employment bureau, Factory Inspector Hagberg and Henry Pennington, who has charge of the gathering of organized labor statistics. He says all these reports are in good shape, and show an encouraging state of affairs.

FORMER CLOQUET MAN IS KILLED

Louis Vionnot Run Over by Omaha Freight, Riding Bumpers.

Chippewa Falls, Wis., July 29.—(Special to The Herald.)—Louis Vionnot, a young Frenchman, who had been in this country only a few months and last worked at Cloquet, Minn., where he is said to have left his trunk, was killed under an Omaha freight car, about 10 feet north of the Omaha depot on the south side at 11 o'clock Monday night. The body was badly cut up. It was taken in charge by Undertaker M. P. Hogneth.

Vionnot, in company with George Ladrouse of Stanley, was riding the "bumpers" of a car. The two got on the train at Atoma Monday night and, according to the story of Ladrouse, who was placed in jail by officers here, the two had planned to get off the train here and take a contract train for Stanley.

Ladrouse was the first to dismount and upon looking around for his companion found him dead on the track. District Attorney Connor was notified and decided that an inquest was unnecessary.

TIME FOR A CHANGE

(Continued from page 1.)

to a new party of independent voters, the country must look for the establishment of a new policy and a return to genuine popular government.

Our object is not to introduce violent innovations or starting new theories. We, of the Independence party, look back, as Lincoln did to the Declaration of Independence as the fountain head of all political action. It is not our purpose to attempt to revolutionize the American system of government, but to restore the action of the government to the principles of Washington and Jefferson and Lincoln. It is not our purpose to effect a radical change in the American system of government, but to conserve the system as it is, and to perpetuate the principles and policies which have made the nation's greatness has been built.

The Independence party is, therefore, a conservative force in American politics, devoted to the preservation of American principles and policies. It is not our purpose to effect a radical change in the American system of government, but to conserve the system as it is, and to perpetuate the principles and policies which have made the nation's greatness has been built.

GROCERS ARE HOLDING RACES

Postponed Events to be Pulled Off at Lincoln Park.

Simon Clark is doing the role of Paris this afternoon at the Grocers' picnic, and upon him devolves the task of selecting the woman to whom shall be awarded the prize which is offered to the prettiest and best dressed woman on the grounds.

The postponed contests which were delayed by the rain at the picnic a week ago, are due to be held at Lincoln Park this afternoon if the elements permit, and about \$500 in prizes is to be distributed.

The base-ball game between the drivers and the salesmen of the grocery stores about the city is also attracting a good deal of attention, and the prize offered by the Duluth Universal Flour company for the best bread baked with their flour, will be warmly contested for by the grocers' wives. Besides these events the regular program of races will be held.

SWAN SWAM ASHORE

With a Ten-Pound Turtle Fastened to Its Leg.

Allentown, Penn., July 29.—Farmer Joseph Bennicoff had roared swan for dinner yesterday and turtle soup today as the result of a primeval battle in his duck pond.

Bennicoff was watching his young ducks swim about, when one disappeared with a squawk. He realized that the robber was a turtle and he was evolving a plan to get the reptile, when a swan came floating along.

When the bird reached the spot where the gosling had disappeared it gave a terrific "honk" and began swimming shoreward for dear life. The swan reached the shore and dragged itself up the bank with a ten-pound snapper hanging onto its leg.

LAND SEEKERS' LINE GROWING

News From Washington Draws Many to Land Office.

Cass Lake, Minn., July 29.—(Special to The Herald.)—For the second time in the past three months an aggregation is assembled in front of the United States land office with the hope of obtaining some of the most valuable land in Northern Minnesota. When the news spread some six months ago that the forest reserve was slated out and the 5,000 acres would be thrown open to settlement, the people in this section rejoiced for they had eagerly anticipated an securing of it for their own use. Some of the finest agricultural land in the midst of sandy soil.

With a belief that this land would be opened this summer an eager aggregation headed by Charles Wilson took positions before the land office two months ago, but they lost courage when they were laughed at and persuaded to believe that the land would not open for another year. They started after standing patiently that they would remain if they had to wait 100 years.

As stated in The Herald yesterday, notice was received that 40,000 acres would be thrown open Sept. 15. In less than twenty minutes the land office was besieged and twenty were camping at the door. Today there are about fifty.

The notice stated that the land office would receive booklets explaining matters within a very few days. It further intimated that a squatter law had a right on the land.

The men in front of the land office have made an agreement to stand by each other should any one attempt to steal another's place.

ENFORCEMENT OF THE LAWS

Governor Johnson Dis- cusses Three Classes of Law Violators.

Pontiac, Ill., July 29.—Governor Johnson of Minnesota, in a speech here Monday, drew a large audience. He answered the question, "What is the Matter With America, and What is the Remedy?"

He said one thing that was the matter was the failure of the American people to take an interest in the enforcement and the enforcement of law. He said there were three classes of law violators: First, the individual; second, the organized individual; third, the official.

"Every man should feel his own responsibility and should be taught his duty toward law enforcement. If men could only see the end there would be less individual violation of law. If the young man could see the sorrow and the affliction he brings upon his father and mother he would hesitate. I have seen the mother, father and the sister plead for the pardon of those of their family who have gone astray. There was an old soldier who, for forty years, obeyed the law and then violated it by appropriating funds to himself. But the law must be enforced, and no matter who the violators are, the dignity of the law must stand. There is not so much danger from this class of law violators—they are not so plentiful.

Laws to be Enforced.
"But there is the organized individual. Here is the gang of gamblers and other law violators who get together to exert undue influence to have the law suspended. They succeed because people do not organize against them. What if nature's laws should be suspended? What would be the result? Chaos. What if our laws are suspended? What is the result? Anarchy.

"Failure to secure the enforcement of the law is the cause of lawlessness. The trouble is, people don't organize to secure its enforcement. I believe as long as law is in the statute book it should be enforced at whatever cost. Roosevelt says, 'The great, the powerful and the strong are just as amenable to the law as the lowly.'"

No man ever uttered a greater truth, and it is our business and the business of all American citizens to see that the law is enforced alike with all. The conditions of our country are changing. We have new conditions. Two thousand years ago Rome was the principal power in three continents. She dwindled into a military despotism because the common people lost their patriotism and sense of individual duty."

WELL KNOWN IN DULUTH.

Victim of Automobile Accident on Long Island, Had Visited Here.

Lloyd Robinson, whose automobile and the Millionaire Express of the Long Island railroad crashed together Monday, killing two of the automobile party and seriously injuring young Robinson and Miss Beatrice Eddy, Mr. Robinson was a guest of J. Tracy Hale, Jr., son of J. T. Hale, at his home, 1200 East First street, during the early part of the summer, and became quite well acquainted with a number of Duluth's younger set.

Mr. Robinson is the 20-year-old son of Charles Robinson, a New York banker. He attended Williams college, Mass., where he, with Tracy Hale, Max Purford, son of F. J. Purford, 1800 East Superior street, and Milton Bunnell, son of Mills Bunnell, were fast friends. All, except Purford, belonging to the same fraternity Zeta Psi.

The four Williams boys came up the lakes together on a freight boat at the opening of their summer vacation. While at the Head of the Lakes Tracy Hale entertained his guest at Deerwood for a short time at his father's cottage. Young Robinson left for home by boat July 11.

During Thanksgiving vacation Tracy Hale was the guest of the young man at his home on Long Island and had often crossed the same railroad crossing at which the accident occurred. He says that it is an extremely dangerous place, being approached by a long, steep hill, with only about 100 feet level stretch at the tracks. The chauffeur, Charles Smith, was a new man and unaccustomed to the dangers of the place. He approached the crossing at such a high speed that he was unable to stop the car to avoid the collision with the express. He was almost instantly killed.

Miss Light Townsend, a young society girl of New York city, was the other victim. Miss Beatrice Eddy and Mr. Robinson, though seriously injured, will probably recover.

THE COURT REFUSES TO

DISMISS INJUNCTION.

Trenton N. J., July 29.—Chancellor Pitney, in a decision yesterday, refused to dismiss the preliminary injunction granted Albert Bigelow, restraining the Old Dominion Copper Mining & Smelting company from proceeding against him in the upper courts of Massachusetts. The company obtained a verdict in the lower courts of Massachusetts against Bigelow for nearly \$2,000,000 for alleged profits made by him in selling the Old Dominion company, a subsidiary concern. The company desires to press the case to a final verdict in the higher courts of Massachusetts. Bigelow appealed to the New Jersey court of chancery to accept the Massachusetts decree and obtain a preliminary injunction pending a final hearing. The case will now go to trial in New Jersey on its merits.

TWO LOSE LIVES IN LAKE SYLVIA

New Yorker and His Wife Drowned in Wright County.

Annandale, Minn., July 29.—The body Mrs. George Raisblack, wife of the vice president of the Philip Hark Company of New York city, was found floating near the shore of Lake Sylvia, four miles west of Annandale yesterday. Raisblack and his wife left the cottage Monday night, where they had been stopping two weeks to do some casting in the lake. The hat and coat of Raisblack were found near the body of his wife, but no trace has been discovered of his body, although the lake is being dragged. The boat had not been overturned. There was no storm, nor were any cries overheard. The coroner and county attorney have been summoned, and some very wild theories are afloat concerning the case.

New York, July 29.—G. R. Raisblack was president of the Philip Hark Manufacturing company of this city, makers of machinery. Mr. Raisblack, who spent part of his life in this city and part in Chicago, went to Annandale, Minn., last month for a vacation. Information that he was missing was received at the office of the Hark company.

Annandale, Minn., July 29.—(Special to The Herald.)—While there is no explanation today of the manner in which Mr. and Mrs. Raisblack of New York were drowned in Lake Sylvia Monday, the coroner is of the opinion that the suggestion of foul play is without reason, and that the couple were the victims of a accidental overturning of the boat in which they were fishing. Mrs. Raisblack's body was found near shore and her husband's body was recovered further out in the lake.

Chicago, July 29.—Forensic Raisblack, whose father and step-mother were found dead in Lake Sylvia, near Annandale, Minn., declared last night that it was an accident, and denied that there ever had been the slightest trouble between the couple. He also declared his father had a good income and had no cause for committing suicide.

Mr. Raisblack, Sr., had been married twice, the second marriage occurring sixteen years ago. The second Mrs. Raisblack was a Miss Polard of Virginia.

RICH FARMER KILLS SELF.

NOTED MEN AT BEMIDJI

Many Christian Workers Are Attending the Bible Conference.

Dr. Soltau of London, Eng., Among Successful Bible Teachers.

Bemidji, Minn., July 29.—(Special to The Herald.)—The sessions of the Bible conference are replete with interesting discussions of religious work and are well attended. Many noted men in church work are attending, some coming from across the ocean to lift up their voices in advocacy of the cause of religion.

Among the speakers last night was Rev. Charles E. Bradt, field secretary of the Presbyterian board of foreign missions, who, as a pastor of a church in Wichita, Kan., has interested people in that world-wide work. His theme was "The New Evangelism." The great missionary conference at Omaha, Neb., last year was in a measure due to the initiative taken by Dr. Bradt.

Rev. A. T. Fowler, D.D., of Minneapolis, another one of the leading Baptist churches of that city, well-known as a lecturer and pulpiter, spoke last night on "The Gifts and Giving of Life." The addresses delivered at the conference by Dr. Soltau of London, Eng., are proving most instructive and inspiring. He is one of the world's great Bible teachers. Dr. Luckock of Oak Park, Ill., is another whose addresses are attracting much attention.

Dr. Bradt spoke this morning on "The New Church." Dr. Fowler, who is loved with an address on "The Gospel of Christianity," and Dr. Soltau closed the morning's exercises with an address on "The Twofold Gift." Rev. John M. Davis presided during the morning. Rev. O. S. Davis will preside this afternoon, the first address being scheduled for 3 o'clock, to be given by Dr. Soltau, and entitled "The Evangelism of Power."

Tonight the song service will be led by Dr. Martin, followed by addresses by Rev. Charles Scanlon and Rev. George Luckock.

WALKER SECURES SITE FOR PLANT

Commercial Club Paves Way for Starting New Industries.

Walker, Minn., July 29.—(Special to The Herald.)—The Walker Commercial Club association has obtained the deed for the ninety acres of lake shore land formerly owned by Dr. Leo Crafts of Minneapolis. Two thousand dollars was paid for this strip of land, the sum being divided among the members of the club. The five-acre tract has already been cleared and graded for a box factory, which it is proposed to locate here. The business men of Walker all taking stock in the Commercial Club association, articles of incorporation, which are now in the hands of the secretary of state.

Mining Brake Out of Whack; Skip Takes Big Drop.

Calumet, Mich., July 29.—(Special to The Herald.)—A runaway skip, falling several hundred feet in the Winona mine, south of here yesterday, killing one man and probably fatally injuring two others.

The dead: JOHN HENDRICKSON. Injured: Peter Annonen, both legs broken and internal injuries; Fred Sarsert, right leg fractured below and above knee and head badly injured.

The brake of the engine broke, dropping the skip to the bottom of the mine. Mine Inspector Dawl is conducting a rigid examination.

WOMAN'S AWFUL ORDEAL

Stunned by Lightning, Lays in Woods All Night Near Foley.

Foley, Minn., July 29.—(Special to The Herald.)—Stunned by a stroke of lightning, Mrs. William Sweeney Sunday lay out in the woods near her home all that night and was found in a semi-conscious condition Monday morning. The woman was found by Mr. Parent, who immediately brought her to the village and placed her under the care of a physician. Her condition was quite serious, but it is believed that she will recover.

Mrs. Sweeney lives on a farm about a mile and a half from Foley. She set out to pick berries early Sunday afternoon. The woman had walked farther than she realized and was overtaken by a terrific electrical storm. Mrs. Sweeney was unable to find her way back home and was forced to take refuge under a large tree. A stroke of lightning struck within a few feet of the woman, knocking her unconscious.

When she did not show up for supper that evening her husband became

frightened and notified some of the neighbors. A searching party was formed and although they hunted most of the night, no trace was found of the woman. Mr. Parent set out again the next morning and located Mrs. Sweeney about two miles from her home.

SKELETON AND CARDS.

Greivson's Find Made While Digging Grave for Dog.

Minot, N. D., July 28.—William Good, the dog catcher, while preparing to bury a dog made a greivson find Monday afternoon out on Ed. Kelly's ranch about one mile west of the city. Having dug about two or three feet into the soft dirt his spade suddenly struck something hard and on stopping there he discovered a skeleton of a man, and along with it a deck of cards, a jack knife and a quantity of jewelry.

The skeleton was brought to the city and on being set together was found to be that of a man who had possibly been dead for eighteen or twenty years. Owing to the fact that a deck of cards was found with the skeleton along with the jewelry leads many to believe that there is money in growing greivsons. Minot during the early days; there are, however, no marks of identification.

MONEY IN STRAWBERRIES.

Ontonagon People Who Make Success of Fruit's Culture.

Ontonagon, Mich., July 29.—(Special to The Herald.)—The Nehemmers of Ontonagon have again demonstrated that the fact that a deck of cards was found with the skeleton along with the jewelry leads many to believe that there is money in growing greivsons. Minot during the early days; there are, however, no marks of identification.

But it must not be inferred that this is all profit. It represents the greater part of a year's work and the cultivation of greivsons is a plant is no small task, and the plants must be renewed every second year.

Like most any other undertaking must be carried out with a very favorable impression of strawberries. The Nehemmers started in a small way and they have gradually increased the scope of their operations until it has become a very attractive project.

PRaise TREATMENT THEY RECEIVED IN THIS CITY.

Hancock, Mich., July 29.—(Special to The Herald.)—Two hundred copper country people who attended the annual convention of the Knights of Kaleva at Duluth last week returned Monday on the steamer Elston, and before their departure they expressed the impression of the hospitality of the Zenith City.

NEWSPAPERS BROKE NEWS.

Lewis First Learned Through Press of Wife's Unfaithfulness.

St. Paul, Minn., July 29.—(Special to The Herald.)—W. A. Lewis, husband of Mrs. Ida Lewis, the mystery of whose disappearance has not been entirely solved, is in St. Paul and will be here until after the annual convention of the Knights of Kaleva, which is being held here this afternoon.

Newspaper accounts, he informed local authorities, gave him the first intimation that his wife had been unfaithful and that she had been living in St. Paul. He came from Chicago to this city to attend to the final details of the case, and at the request of the authorities, will remain over for the inquest.

ROCHESTER MAN FINDS VERY VALUABLE PEARL.

Rochester, Minn., July 29.—August Zimmerman of Stewartville, this county, working temporarily in this city, made a valuable find while fishing up the Zumbro river, a short distance from the city, in the discovery of a bed of clams. While looking around for bait he came to a place where he thought he had found a clam. He opened it and found a pearl inside. The pearl is the size of a pea and is considered to be one of the most valuable pearls ever found in this state.

FRATERNITY DAY DRAWS BIG CROWD

Second Day of Grand Forks Fair Will be Notable.

Grand Forks, N. D., July 29.—(Special to The Herald.)—Bidding fair to outshine in grandeur and brilliancy every fair ever held in North Dakota, with a wealth of exhibits in every department, the annual convention of the Grand Forks Fair association of Grand Forks, has opened yesterday on the grounds of the North Dakota State fair association of Grand Forks. Through the generosity of the fair association, the program in front of the grandstand grounds were covered with visitors, all eager for the greatest entertainment ever afforded.

Today is Fraternity day at the big fair, and with the hundreds of visitors who are pouring into the city on every train in excess of that of yesterday. The trains that have been arriving in the city since Monday night have carried passengers by the hundreds, and the fair grounds are crowded with visitors. The program will be a very good one, and the fair will be a very successful one.

GAME WARDENS MUST KEEP OUT OF POLITICS.

Madison, Wis., July 29.—Game wardens are out of active politics. The State Game Warden, J. W. Stone has sent a letter to the different deputies of the state inaugurating the new policy. It further says that the letter was due to the interference of old age. The warden may vote as he pleases, but not use his office in campaigning.

In years gone by the influence of the warden has been a strong one, but politicians have had difficulty with it.

BROWNS IN WHITE BEAR.

St. Paul, Minn., July 29.—(Special to The Herald.)—George Haigh, the 4-year-old son of Mr. and Mrs. George Haigh of Chicago, was drowned yesterday in White Bear lake. The little boy was with his father in the lake, and he was playing with a ball when he fell in. His body was recovered from the water. The Haigh family recently came to White Bear lake to spend a week, occupying a cottage near the shore.

MINNESOTA BRIEFS

St. Cloud.—The annual convention of the Minnesota Retail Merchants' association will be held in St. Cloud on Tuesday and Wednesday, Aug. 18 and 19. The executive committee selected St. Cloud at a meeting held last week.

Crookston.—Manager George H. Wilder of the Golden Grain Biscuit company of Grand Forks, has signed a lease for the Crookston cracker factory plant and will open for business Aug. 1, with a full crew of forty employees.

Moorehead.—Murphy Anderson of Rock Lake, N. D., fell in a dead faint here Sunday evening from the effect of the extreme heat. He was quickly carried to the police station, where a dash of cold water brought him back to consciousness for a few moments, and he is all right.

Cloud.—Mrs. Gertrude Edelbrock, wife of J. Henry Edelbrock, died at the family home Sunday afternoon. Death was due to the infirmities of old age. Deceased was born at Westphalia, Germany, where she was married in 1880 and together with her husband celebrated her golden wedding anniversary in St. Cloud. Her husband was a prominent member of the Northern Pacific railroad company and E. W. Brooker of Beckus & Brooks, went to International Falls Saturday night on the special returning Monday morning.

Crookston.—J. A. Kerttu of Duluth is in the city making arrangements for the opening of an up-to-date and modern art store in the city. He states that he has secured his store.

WISCONSIN BRIEFS

Fargo, N. D.—Discharged to go to work, was the word in Judge Ryan's court Monday morning, and eleven men who had been picked up for sleeping in boxes and other out places were released. The men all told the same story.

Grand Forks, N. D.—Miss Anna Rolyer and Erick W. Moeen were married Monday afternoon by Rev. Hulting of the Zion Lutheran church. The couple will reside at Shawnee, this state. A marriage license was granted Monday to Miss Anna Rolyer and Erick W. Moeen of Ester, Minn.

Towson, N. D.—As Nicholas Roser, a German farmer residing in the Wagner settlement, was moving, he team started suddenly, throwing him before the wheels. His right arm was cut almost off above the wrist and one bone broken. His foot was also caught and two toes injured.

Grand Forks, N. D.—Secretary M. C. Bachelder of the North Dakota International exposition has received a letter from President B. F. Nelson of the Minnesota Fair, asking him to be able to come to Grand Forks fair this week.

Harvey, N. D.—During the severe storm recently which struck the large country of Grand Forks, which lives about two miles south of town, setting fire to the barn and knocking down and Theodore Schmick, who were in the barn, senseless.

RESINOL SOAP

Is as efficient a Skin-Healer as it is a Cleanser—perfect in both respects. One of its great advantages is its prompt healing-up of every little sore and break; the way these disappear under RESINOL SOAP treatment is almost miraculous. Ordinary soap doesn't do this, of course, but this isn't ordinary soap. For, besides being made of rare vegetable oils, it is thoroughly medicated with "RESINOL," the greatest remedy for and preventive of skin troubles known. As a mere antiseptic protection against infection RESINOL SOAP is worth its weight in gold; but just try it for a month and see what it does for your comfort, your health and your complexion. Remember you can get

DEPUTATION OF BISHOPS

Visits the Universal Peace Conference to Present Resolutions.

Urges Brotherly Love of All Mankind to Prevent Wars.

London, July 30.—The seventeenth universal peace conference, which is now in session in this city, today received a deputation, consisting of the bishop of Ripon, the bishop of Massachusetts and the bishop of Perth, Australia, who submitted a resolution, passed by the Lambeth conference, as follows:

"That the Lambeth conference, while frankly acknowledging the moral gains sometimes won by war, rejoices in the growth of the higher ethical perceptions evidenced by the increasing willingness to settle difficulties among nations by peaceful methods."

Continuing, the resolution records the appreciation of the conference of the service rendered by the peace conferences at The Hague, its thankfulness for the work achieved and for the principles of international responsibility acknowledged by the delegates, and concludes with these words:

"Finally, realizing the danger inseparable from national and commercial progress, it urges upon all Christian peoples the duty of allying race prejudices, of reducing by peaceful arrangements the conflict of trade interests, and the promoting among all races of brotherly love for the good of all mankind."

The three bishops then briefly addressed the conference. The bishop of Massachusetts said he believed America could be depended upon, because of her government and her position, to stand whatever she could stand with justice for international peace.

After conveying its appreciation to the three bishops, the conference passed a resolution thanking King Edward for having established a precedent by receiving the delegates to the conference in audience.

Anticipating the new approach expressing the opinion that for the moment a practical method to arrest the growth of armaments would be an agreement, for a short term of years, not to exceed the average total expenditure for army and navy made by each country during the period which had elapsed between the holding of the first and second Hague peace conferences.

PRESIDENT OBJECTED

To the Naming of Austro-American Steamship Alice Roosevelt.

New York, July 30.—The Austro-American steamship line, named their ship after world's famous woman. One of their ships bears the name of the Empress Eugenie; another is named Martha Washington. A third, according to a story which has been traveling quickly around shipping circles for some time, was named in honor of the daughter of a president of the United States.

According to the line, the line intended to name one of its new vessels eighteen months ago, the board of directors wrote to President Roosevelt, requesting his permission to name the vessel Alice Roosevelt. The president's reply, which was received today, was that the line could name the ship as it pleased, but that the name should not be that of a living person.

So the directors called the boat the Alice.

NOT LIKELY TO REVERSE

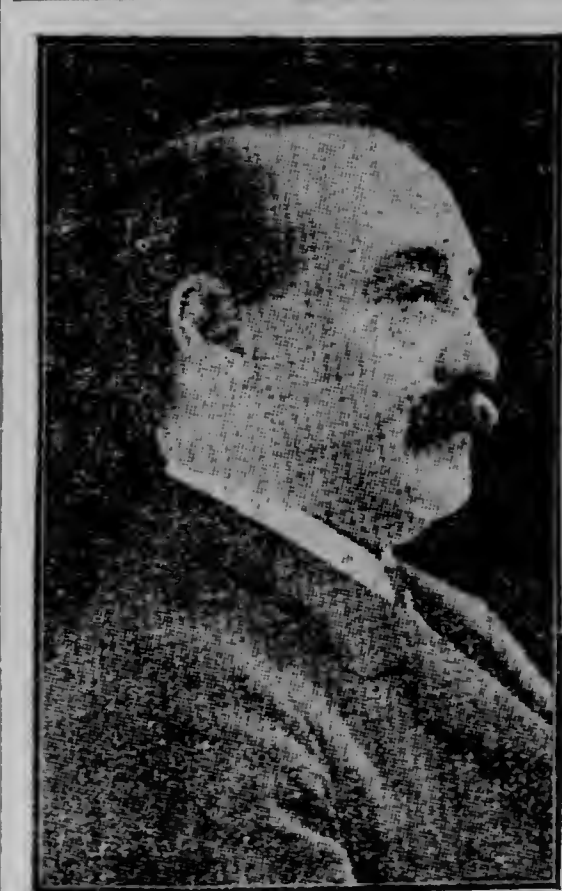

Commission Will Make No Change in Its Railroad Rule. Expected It Would Put Roads Out of Export Business.

Washington, July 30.—The report that the transcontinental railroads, controlled by James J. Hill, Edward H. Harriman, the Berwind syndicate and the Canadian government have determined to surrender their export trade to China, Japan, New Zealand and Australia, on Nov. 1, has created a great deal of interest at the office of the interstate commerce commission in this city. If this action is taken it will merely fulfill the prediction that has been made by railroad officials, who have resisted the enforcement of the rule of the commission by which they are obliged to publish the portion of their export rate, which goes to the railroads for hauling shipments to seaports, and to give notice of any increase or decrease in those rates. The purpose of the transcontinental roads to take this action has not been brought to the attention of the commission, which has full power to modify the ruling in order to meet the objections of the carriers should they care to do so. But as this matter has been very fully considered by the commission, it is not regarded as likely that their rulings in this respect will be changed.

Cannot Comply With Rates.
The railroads have claimed ever since the rule became effective that they could not comply with it and conduct their export trade. James J.

CHARLES BONAPARTE, Attorney General, Who Has Ordered Immediate Action Looking Toward a Rehearing of the Standard Oil Suit, After Consultation With Eminent Legal Talent.

CAMPAIGN ARRANGED

By Which Government Will Again Attack the Oil Octopus.

A Motion for a Rehearing Will be the First Step.

Lenox, Mass., July 30.—The conference of government lawyers, who have been prominent in the trial of corporation suits and especially that against the Standard Oil company, broke up today with the departure of Frank B. Kellogg for New York and the return of Attorney General Charles J. Bonaparte to his cottage among the hills here.

The work of again setting in motion the legal machinery of the government in its criminal action against the Standard Oil company will be at once taken up. District Attorney Sims of Chicago, with his assistants and all of the five lawyers who participated in the conference here for the past three days, expressed the utmost confidence of ultimate success. It is expected that a motion for a rehearing will be filed with the circuit court of appeals in Chicago within the next few days and that arguments will be made some time in August. At that time an effort will be made to persuade the court of appeals to adjudicate and correct what the government lawyers claim are

CELEBRATION BY THE POLES

Over 20,000 Take Part in Night Parade in Chicago.

Chicago, July 30.—With a parade of 20,000 men in uniform, the glare of bands, the thrill of fireworks, the glare of light, the gayety of flags and banners and gala attire, the peeling of church bells, the joy of feasting, the excitement of oratory and burst of song, nearly 20,000 men, women and children revelled last night in one of the most remarkable festivals that Chicago ever had seen.

Practically every one of the thousands of Chicago people of Polish descent was actively, vigorously, and enthusiastically celebrating through the streets. Uniformed societies from every one of the thirty-two Polish parishes in the city formed a great parade and escorted from one to another of the four churches of the principal Polish district the cause of the demonstration, the Right Rev. Paul Peter Rylko, the new auxiliary bishop of Chicago and first Polish-American elevated to the episcopacy of the Roman Catholic church.

Dramatic Incident.
A dramatic incident which marked the celebration was eagerly discussed last night by the celebrators. It was at the cathedral the clergy formed in an impressive procession rich with the colors of the vestments, crucifixes and crosses, to leave the church, the choir, through the open doors, the organ playing, the people, singing enthusiastically, yet prayerfully, into the streets of "God Save Poland," the national hymn of the Polish people.

Polish speaking persons in the cathedral, men and women, priests and nuns, and above all, the children, took up the plaintive measures of the song. And as the sad significance touched them more deeply as they thought of their countrymen lying in the prisons of Russia, Prussia and Austria for having dared to introduce musically with loyalty for their beloved country, sacred gave way to their emotion and wept like children.

Two Men Drop Dead in Chicago During the Forenoon.

One Death and Numerous Prostrations Record From La Crosse.

Rain Causes Abatement of Torrid Conditions at St. Paul.

Chicago, July 30.—The toll of death and suffering due to the heat and humidity was augmented today by numerous prostrations, while up to 11 o'clock this forenoon, two deaths had been reported. Ferdinand Rhein, an instructor in physical culture, dropped dead while directing a class in its exercises, and Gustave Bergren, a laborer, was found dead in the street. At 10.30 a. m. the thermometer was 87.

POISON FOUND IN WOMAN'S STOMACH

Indications Are That Mrs. Gunness Committed Suicide.

Lafayette, Ind., July 30.—Coroner Haines of Rush Medical college, Chicago, who analyzed the stomach of Andrew Helgelein of Aberdeen, S. D., last victim of Mrs. Belle Gunness, finding strychnine and arsenic in fatal doses, has also found in the stomach of Mrs. Gunness and two of the children arsenic and strychnine in quantities sufficient to have caused death. The discovery of poison in the woman's stomach and that of her children has upset many of the former theories in the case and has opened up the possibility of Mrs. Gunness having killed the children in the same manner in which she took the lives of her victims, and then having ended her own with a fatal dose. Attorney Worden, who represents Lamphere, charged with the Gunness murders and with being an accomplice of Mrs. Gunness in the Helgelein death, declares that the discovery shows that his client could have had nothing to do with the death of the woman and her children.

ANOTHER CHANCE FOR MILK INSPECTORS

How Long Will It Live on Present Grade of Milk?

CLEARNESS IS LACKING

Situation in Turkey is Still in a Chaotic State.

Young Turks Are Complete Masters in Constantinople.

Constantinople, July 30.—Although the demonstrations in the streets of Constantinople over the granting of a constitution have practically ceased, there are signs of much dissatisfaction among the public at the delay in the reconstruction of the ministry by the introduction of liberal elements. Scenes of the wildest description continue in the cafes, where officers and civilians embrace each other and express their delight at the ending of the tyrannical regime.

The situation still "lacks clearness, and it is impossible at present to forecast the next development with any degree of certainty. The Young Turks are masters of Constantinople and the European provinces and except in the capital the feeling is anything but favorable to the sultan. Even in Constantinople, disloyal voices were heard during the recent street demonstrations. At a banquet given in Seres to celebrate the re-establishment of the constitution, the name of the sultan

NAN PATTERSON DEFIES POLICE

Refuses to Obey Order to Depart From Pittsburg.

Pittsburg, Pa., July 30.—Nan Patterson refuses to leave Pittsburg. The ultimatum of the Pittsburg girl, who three times was tried in New York on the charge of killing Caesar Young, the bookmaker, to the police, has put the authorities in a quandary. And in the meantime Miss Patterson remains in the city. Monday it became known that Miss Patterson had been told to leave the city because of trouble. It is alleged, she stirred up in the home of a prominent business man. It is said that she readily agreed to leave and made her preparations to go. It is said that she had an intimation that she might be wanted by the New York authorities, and that this is one of the reasons that impelled her to the decision of leaving. Being parole from New York as the result of the three jury disagreements, it is said that the young woman feared the results if she should be taken to New York again. When she left the Central police station after having promised to leave the city, she discovered that she was not wanted in New York, and thereupon changed her mind about leaving the city.

WHITE AND RED BATTLE HITTING THE HIGH SPOTS

Chippewa Indian Defends Old Home in Land Contest. Copper Share Market Showing Its Old-Time Activity.

Occupied Land for Thirty Years But Had No Title. North Butte Touches \$85.25 Mark During the Day.

The history of frontier days, when red and white men fought in hand to hand conflict for the possession of land, is being re-enacted today. Instead of the forest mineral, the battlefield is the contest room of the United States land office. The noble red man of war paint, scalp feather and blanket days is transformed into a dapper American citizen, attired in clothes of approved cut and white linen. The bow and arrow and flint lock alike give place to wits and legal knowledge. There is no bloodshed, no scalping and no wild, savage war whoops. Everything is quiet and orderly in the battle of wits, though the land at stake is much more valuable now than it was when white men were few and red men, and the wilderness forests stretched out for the possession of whoever could hold them.

For over thirty years, Ke-che-no-dines, a Chippewa Indian, who had been dubbed "Big Pete" for identification by his white brothers, lived on a tract of land near St. Cloud. It is described as Lot 5, Section 17, T. 42, N. R. 25, W. 4 P. Undisturbed by white or red, he took his saw to the land, raised his family, hunted, fished and tilled the soil and lived as a man of peace. His wife died and then his boy died and, in his grief, he became something of a nomad. For months at a time, he went away from home, but he says he always returned, as he regarded it as home.

While Big Pete was away on one of those expeditions and had been away for a long time Thomas Anderson, Jr., filed a homestead claim on the land. In his filing, which was made at the old St. Cloud land office, he stated that the land was no, then occupied. He said it had been occupied by an Indian, but he abandoned it more than five years before. The filing was taken on the stipulations and forwarded to Washington.

"Big Pete" was notified of Anderson's action. In all the years he had lived on the land, he had never thought to get title, but in June, 1907, almost a year after Anderson had filed, he made a petition for allotment. The officials of the land department at Washington ordered a hearing and that is the battle being fought today. Pete claims that he never abandoned the land, leaving it only for short times and returning every time. He denies Anderson's allegation that he was away from the land for over five years.

The hearing is being held before Register Engle and L. C. Barro, financial agent for the Chippewa Indians at St. Cloud, is appearing for Big Pete. The hearing was started shortly before noon and the testimony of several Indians is being taken through an interpreter this afternoon.

BOOM NELSON FOR CONGRESS

P. H. Nelson, one of the best-known business men of Hibbing, is being backed up as a congressional candidate from the Eighth district. A quiet boom has been going on for some time in Hibbing, and everywhere the mention of his name has met with most favorable comment.

Mr. Nelson is an iron and lumber operator. Years ago he was with the Swan River lumber company, but at the present time is a successful operator in lumber and iron on his own behalf. He has always taken a deep interest in the public affairs of Hibbing, and in the coming year he will be known in the Eighth district, both for his business ability and his work on behalf of the Democratic party. Mr. Nelson is one of the influential business men of Hibbing and has never been an office-seeker.

You'll find the beneficial effects of this tonic are permanent—because it helps you to build up your body and become strong and healthy in a natural way. The effects of other tonics are only temporary because they supply a false stimulation to the system. As soon as you stop taking them, you remove this stimulus, and the feeling of exhaustion returns.

DR. D. JAYNE'S TONIC VERMIFUGE

brings lasting health and strength, because it helps your body to do its own building up—through the stomach. It puts your digestive organs in perfect condition, and enables you to get every bit of nourishment and strength out of the food you eat.

It is also an excellent child's medicine and a safe Worm Cure.

Sold by all druggists. Two sizes, 50c, and 35c.

VOLOPUS

On Exhibition at Kugler's Pharmacy, Where Wittman's Medical Compound Will Be Explained by Demonstrators.

Perhaps one of the queerest specimens of animal life is the Volopus, or grave-digger, which can be seen in the window of Kugler's Pharmacy, where Wittman's famous remedies are being explained by demonstrators, who will tell you how these valuable remedies are to be used for stomach, kidney and blood diseases, and the best way to get results. All day long tomorrow, from 9 to 6 o'clock, visitors are invited to call and receive this valuable information, which is given free to all. Other queer specimens of animal life, which has been removed from well-known people of Duluth, can be seen.

Those who prefer a scientific diagnosis of their disease will have to visit the office, which is filed during the hours from 2 till 4 and 10 till 12 daily, at the corner of Twenty-first avenue west and Superior street, where they can see Wittman and his experts in person.

The many testimonials which are handed in each day are too numerous to mention here, but Wittman reads hundreds of names of your own neighbors and friends from the platform each evening who will gladly testify for his good and quick work.

In cases of deafness, stomach trouble, catarrh, rheumatism and kidney and liver trouble, and all sorts of parasitic and worms, he cannot find an equal.

The Compound which is now so widely advertised, like the Balm used in catarrh, deafness, paralysis, rheumatism and sore eyes, can be had by calling at Kugler's Pharmacy, 108 West Superior street.

Any one wishing information with regard to prices, etc., is welcome to call.

REORGANIZATION WAS PROFITABLE

High Financing of the Northern Pacific Paid Morgan Crowd.

St. Paul, Minn., July 30.—That J. P. Morgan & Co., and others in the syndicate that reorganized the Northern Pacific in 1898 made a profit of \$22,352,333, was what the attorneys for the state attempted to establish at the Minnesota rate hearing yesterday.

The report for the railroad, however, contended that those figures represent the par value of the stock involved and that the stock at that time was not worth par. They further contend that the question of whether J. P. Morgan & Co., made a large fee in connection with the reorganization, has nothing to do with what the Northern Pacific railway is worth today. It is on the present worth that they expect to earn an adequate return.

T. D. O'Brien, special counsel for the state, took up the matter in his cross-examination of H. A. Gray, controller of the Northern Pacific. Mr. Gray testified that the reorganization was effected by calling in the stock of the old company in the hands of the public and issuing the new stock upon the payment on the stockholders of an assessment of \$100 on preferred stock and \$10 on common. Not all old stockholders were willing to pay this assessment, so the syndicate paid them and took over the stock. Under one paragraph of the agreement the syndicate received \$10,215,706 of the company's common and preferred stock and mortgage bonds.

Under another paragraph of the agreement the syndicate was paid \$2,235,233 in cash for the sale of another company's stock and bonds. The amount received by the syndicate on this transaction was placed at nearly \$10,000,000, bringing the total receipts of the syndicate managers, according to the testimony, up to \$17,244,245, while they turned over to the reorganized company, in the conversion and assessment on stock, \$6,792,990, leaving the syndicate's gain, figured at the par value of the stock, \$22,352,333.

CLEARNESS IS LACKING

(Continued from page 1.)

was mooted, while the Christians at this place are beginning to entertain misgivings as to the sincerity of the professions of the Young Turks. Hardly any news has been received from the Asiatic provinces, and this is regarded as disquieting. The Vail and the military commandant at Smyrna have been dismissed by the Young Turks, owing to their hostile attitude towards the constitution.

A Young Turk uprising in favor of the restoration of the constitution had been planned for Sept. 1, the anniversary of the sultan's accession to the throne, but the meeting at Reval between King Edward and the emperor of Russia, and the imminence of the Anglo-Russian reform proposals, precipitated matters and forced the Young Turks to take action before this date, the object of the constitutional party being to forestall these proposals and render them superfluous.

Perfect Organization. Everybody has been greatly impressed with the perfect organization of the movement and the absolute discipline in all ranks. The directing hand of the movement is still invisible and unknown.

A noteworthy incident in the popular manifestations of last Sunday, which at the time escaped notice, is the fact that the military college was surrounded by troops in order to prevent the students from leaving that institution. The people manifested their resentment at this precaution, whereupon the troops were withdrawn and the students moved about freely.

The only incident of today has been a noisy demonstration of artillery of the men gathered together, apparently clamoring for promotion. The matter of fact, the object of this demonstration was hostility towards Zekki Pasha, grand master of the artillery, whose withdrawal was demanded. Zekki Pasha was hoisted while going to the porte by the large crowd assembled there.

To Replace Doubtful Officers. Two hundred army officers have arrived at Adrianople from Saloniki to replace the incapable and doubtful officers of the second army corps.

It has become known that Selim Melhamad Pasha, minister of mines and forests, was assisted in getting out of the country by the good offices of the Italian embassy, and this fact has produced a bad impression among the Liberal Turks. The escape of Selim Pasha is regarded as an act of cowardice in that he abandoned his sovereign at a critical juncture, a course which, it is held, testified to his guilty conscience. Italians explain that the embassy was not aware that Selim Pasha meditated flight. He requested the use of the embassy launch to embark his son Nihad, who was going to Rome to take up the post of first secretary in the Ottoman embassy, and made use of the boat to get away himself. They say, further, that had Selim Pasha applied for the protection of the Italian flag, on the ground that his life was in danger, he could not have been refused. The whole Melhamad family is exceedingly unpopular, especially Tedlib, who has not been seen for several days. The constitutional party is anxious to call them to account for many alleged reprehensible deeds in the enriching of themselves. Some of the foreign ambassadors are blamed for the protection and friendship extended to the Melhamads, without which, it is argued, they never could have attained the position and influence they did. Two of Selim Pasha's daughters married German officers, while the third is the wife of an Italian officer. No further news has been received of the fate of Habib Melhamad who, while trying to escape from the country, was arrested by some young Turkish officers at Mustapha Pasha. According to advices from Saloniki, Iskender Melhamad was condemned to death by the Young Turk committee, but this sentence was subsequently suspended.

Doctors of Two Nations Agree as to the Benefits of Beer

American Doctor: To what, Doctor, do you attribute the success of the German people?

German Doctor: To one thing, my dear Doctor, just to their temperance.

American: But Doctor, we think of your people as heavy drinkers.

German: Ah, but the drink is beer. While other nationalities have their wines, whiskies and vodkas containing large percentages of alcohol and very little food value, we stick to our beer with its nourishing barley and tonical hops and only 3 1/2% alcohol.

American: You say only 3 1/2% alcohol as though that ingredient were not beneficial.

German: I do not mean it in that sense. We find alcohol has a food and stimulating value when the proportion is not too great. The danger is in overstimulation, impossible when the percentage is so small as in beer.

American: Perhaps the superiority of your people may be due to the superiority of your beers.

German: Don't mistake there. We are strong admirers of your Schlitz Beer. It evidences the care used in its brewing. Its full rich flavor brings to you the taste of the barley and the hops, so often lost in the different processes. It has the sparkle and life, too, due to a perfect yeast. The freedom from germs shows careful sterilization. The fact that it does not cause biliousness proves its perfect lagering, or aging as you say.

American: That is splendid, Doctor. I have been using Schlitz Beer in my practice, prescribing it where my patients needed an easily digested food which has some tonic value. Especially beneficial, I have found it, after surgical operations where the stomach refused to retain other food. Also in cases where the patient was not inclined to drink enough to flush the system of its waste.

German: When you Americans generally appreciate these benefits of beer, then may the Fatherland take heed or your country will outstrip us as we have our neighbors; but good progress to you and the temperance work of Schlitz, The Beer That Made Milwaukee Famous.

BRIEF TELEGRAMS.

Alonso Williams, a negro, who is alleged to have assaulted Miss Clara Bowen last Friday near Choopoe, Ga., was Wednesday night taken from the Tombs county jail by a mob, carried

to the woods near by and riddled with bullets. The consolidated shops of the Baltimore & Ohio Southwestern railroad at Washington, Ind., employing over 300 men, were closed down indefinitely Wednesday, and 25 per cent of the car department men were discharged. Unless the employers restore the nine-hour day and the scale of wages prevailing prior to the beginning of

the money stress of last October, the 30,000 tailors comprising the National Brotherhood of Tailors in New York and Brooklyn, will go on strike. Three men died of a score wounded, some probably fatally, is the record of an attempt last night by a mob to storm the county jail and take out the negro, Leander Shaw, who Thursday assaulted Mrs. Lillian Davis near Escala, Fla.

BERGQUIST IS KILLED

Young Painter's Head Crushed in Sellwood Elevator Shaft.

Believed That He Was Struck by the Descending Weight.

John Bergquist, 29 years old, was killed in the elevator shaft of the Sellwood building shortly after 4 o'clock yesterday afternoon. No one saw the accident, but it is believed his head was struck by the descending weight of the elevator, as the car shot towards the top floor. One story has it that he was struck by the descending car, but men employed about the building say this is not true. The man's head was split open, and death was instantaneous.

Bergquist was a painter employed by H. A. Hall & Co. At the time the accident occurred, he was engaged in painting the iron work of the shaft. In order to paint around the shaft on the first floor, he instructed the operator of the elevator to take the car to the top floor and remain there until the job was complete.

It was not long after that Bergquist's body was found lying at the bottom of the shaft, in the basement. The elevator operator denies that he lowered the car after receiving instructions from the painter, and the supposition is that Bergquist forgot about the heavy weight descending every time the car goes upward, and got his head in the path of the weight. It is hoped that the fact that only his head was crushed.

Dr. Magie, whose office is in the building was summoned, but the man was dead before the doctor's arrival. The body was taken to Durkan & Crawford's undertaking rooms, where it is awaiting removal to Rush City, Minn., Mr. Bergquist's old home.

The young man has two brothers and a sister living at the Head of the Lakes. J. W. Bergquist and E. H. Bergquist, the brothers, were living with him at the Y. M. C. A. building, and the sister, Mrs. G. Hellerstad, is in Superior. Bergquist's father resides at Rush City.

FIVE HOURS OF JOY FOR 30 CENTS

Don't Fail to Take in Herald Excursion Next Saturday.

Five hours of joy on Lake Superior for the insignificant sum of 30 cents per hour. This is the offer made the public through The Herald's popular excursions on the steamer American, which will run the next excursion Saturday afternoon from Booth's dock, at the foot of Lake avenue, at 4 o'clock sharp.

So popular have these trips become that the demand for tickets at The Herald office begins early in the week, but special arrangements have been made to limit the sale to a number that will insure absolute comfort and convenience.

The America will leave the dock at 4 o'clock Saturday afternoon and will return at 9 o'clock, giving the passengers a delightful ride, and a view of it by moonlight on grand old Lake Superior.

A party of one hour will be made at Two Harbors, where those who desire to get their suppers will have ample opportunity. A great many of the excursionists prefer to carry their lunch baskets and have a picnic dinner on the boat, making a family affair of the event. This is one of the most delightful ways to take in a Herald excursion.

VALUABLE DOGS BEING STOLEN

Cocker Spaniel Belonging to J. F. Lyness the Latest Loss.

Following the theft of a number of valuable Duluth dogs, the cocker spaniel belonging to the little daughter of Mr. and Mrs. J. F. Lyness, 30 Fourth avenue east, was stolen yesterday in a particularly bold fashion.

A man and a woman were driving along Fifth street, towards the East end, yesterday afternoon. They stopped in front of the Lyness home and asked the dog to come out. The valuable animal, placed in the rig and drove on at a rapid pace. The police have been furnished with a good description of the thieves, and it is expected that arrests will follow. Several thefts of a similar nature have been made during the last two or three weeks.

FOUR GIRLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Read What They Say.

Miss Lillian Ross, 256 East 84th Street, New York City, writes: "I was a nervous, irritable, peevish, and nervous headache, after everything else had failed to help me, and I feel it a duty to let others know of it."

Katharine Craig, 2335 Lafayette St., Denver, Colo., writes: "Thanks to Lydia E. Pinkham's Vegetable Compound I am well and strong."

Miss Ellen M. Olson, of 417 N. East St., Rockford, Ill., writes: "Lydia E. Pinkham's Vegetable Compound cured me of backache, side ache, and established my periods, after the best local doctors had failed to help me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ill, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has addressed thousands to health. Address, Lynn, Mass.

Eat What You Want

And let Kodol digest it.

There can then be no fermentation, no pain, no distress—no indigestion.

Eat a sufficient amount of good, wholesome food every day. Eat what the appetite calls for, because that is what the health and strength of the body require.

Then don't worry about indigestion or dyspepsia; but take Kodol occasionally—at the times when you need it, and your food will be digested completely; but don't diet and don't deny yourself the food you like, for dieting is unnecessary; it is wrong to be hungry.

Food is fuel for the body. It furnishes blood, bone, health and strength; but it must be digested first, and you are not going to be healthy or strong as long as your stomach fails to do its work.

Don't fear to eat the food you like for as you know the body requires a variety of it and that which you don't eat may be the very thing you need to supply the necessary strength for your body.

We say eat what you want and let Kodol digest it. For you can't do it by starving yourself. Weakness wouldn't want to have to take it all the time. Take it just when you need it, and in that way allow it to help the stomach to get strong and well.

But when you do eat what you want and what you like best, be sure that all the food is digested; you must be sure that the stomach is able to digest it.

Else that portion of the food, which remains in the stomach undigested, irritates the stomach lining, and that is what causes pain. Then again undigested food ferments in the stomach and that is what causes sour risings, gas and belching.

These are the things you have to get rid of but you can't do it by starving yourself. Weakness the body is not strengthening the stomach. Yet you do weaken the body when you deny yourself some article of food you find does not agree with you.

And here is where Kodol is so effective. It digests what you eat and does it completely. It enables you to eat just what you like and just what your appetite demands.

Kodol doesn't simply digest certain kinds of food—it digests every kind of food. It acts as Nature acts and it assists Nature in assimilating the food—it helps Nature get out of the food what there is in it—strength, blood, bone, muscle and life.

Kodol is for you. Kodol is for anyone and everyone who needs it, and we want you to try it now and be convinced that you can eat just what you like if you will only let Kodol digest for a time that which you do eat.

Our Guarantee

Go to your druggist today and get a dollar bottle, and if after using the entire bottle you can honestly say you have received no benefits from it, return the bottle to the druggist, and he will refund your money to you without question or delay, and we will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to one in a family. The dollar bottle contains 24 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

GOTHAMITES ARE HAPPY

Thin Hearts Cheered by Booms in Stocks and Bonds.

Nation's Business Affairs Will Soon be in Full Swing.

New York, July 30.—Stocks are booming this week, bonds are in great demand, foreign buying is quite extensive, crop reports are excellent, money easy, politics considered as not dangerous, so the Gothamites are beginning to be happy once more.

There have been such a number of mills, furnaces and shops recently started up again that the score or so which have begun this week attracted but little notice, for every one here is now fully convinced that it is but a matter of three or four weeks until business affairs generally will be going in full swing.

The reversal of the Landis decision in the Standard Oil case was received with great rejoicing by the people who deal in the stock exchanges, and they are using it for the purpose of establishing confidence in future values of trust stocks and railway issues.

A close reading of the decision of the circuit court of appeals, however, shows no disposition to allow violators of the law to escape penalties for such violations. There seems to be a general opinion, inside and outside of legal and business circles, that the tremendous penalty laid on by the district court was properly ruled as excessive in the reversal. Few persons believe the defendants innocent of violation, yet still fewer desire punishment to become persecution, or made excessive.

Anything that offends the American love of fair play is unpopular. It is that spirit which inspired the law bearing upon this case, and it is the same spirit which would save the violator from undue punishment.

Defendant Still Amenable. The government has no doubt proceeded with the rehearing in a very short time unless the defendant should plead guilty and assume the lesser penalty as outlined by the circuit court. There is nothing in the reversal which frees the defendant from the charges or from proper penalties after being found guilty on those charges at the rehearing.

The great resumption of work in what is known as the Pittsburgh district is one of the most encouraging features of the times and is sure to have a most beneficial effect upon all parts of the country as well as upon the immediate surrounding territory.

The Westinghouse company seems to have landed on solid ground at last and the common stock of the company has scored a sensational advance.

Our next census will be taken in the autumn of 1910, and there has been the deepest sympathy and kindest feeling for him throughout the difficulties. It is understood that the business of the allied foreign companies is in far better shape than for many years and the outlook is excellent for a most profitable future for the company, both at home and abroad.

The cash surplus in the treasury continues to go out into the business circulation of the country in fine shape and will keep going certainly until after Jan. 1 next. These millions are finding their proper

and useful sphere of action, doing just what they were created to do—serve as a medium of exchange among the people. A nice, easy working balance is all that the treasury requires and anything above that is an injurious and useless absorption of the resources of the country.

Many millions to be freed. Many millions of the public money now held in the treasury will be out and busy in the coming months and affairs run this autumn and winter. Cotton all over the South bids fair to be a bumper crop. So many telegrams have been received in the past few weeks from all parts of the South as to "ideal" weather for the cotton crop that it has become impossible to ever cheering it may be to lovers of plenty. News from Texas and Louisiana show a slight increase in the acreage of rice and a splendid showing as to quantity of grain and its condition.

Not for many years has there been such a production of rice as will be gathered this year. By Aug. 15 the rice crop will be gathered and be making its way into the markets. The great rice mills of the Southwest bid fair to have a most profitable season, as the outlook is for fully six months of steady work. Texas and Louisiana are becoming very strong financially, owing to the magnificent rice and good prices which their planters have been favored with for a series of years.

Whatever Ollie Anderson's qualifications as an umpire may be, he does not lack firmness. When he makes a decision, it sticks, whether it be of a play or the conduct of a player, and the fans like to see it. Anderson has had bad days in Duluth, but as a rule, his work is good, and he has Duluth fans with him.

"What," announce a fine. I turn it every time," said Anderson yesterday.

"The fine is my only weapon in dealing with an offensive club," he said.

Ben Egan further reduced her Terre Haute record, handily beating a good field of fast pacers in 2:04.4. Arthur J., a recruit from the half mile tracks, won the opening event handily, show-

The Initiative!

WE'VE taken it again, this time by being the first to present the beautiful and practicable new Tailormades which have been born under the Directoire influence—those new long suit coats, with the large flap pockets, ample revers, sleeves slashed from the elbow and buttoned, and the modified sheath skirts with their rows of buttons. These are all here in the handsome chevron weaves, VanDyke worsteds, broadcloths and other fashionable materials; the colors are the deep toned stripes and London smokes, stone greens, tortoise-shell shades and conventional plain colors. The prices are moderate, ranging at from \$25 to \$50. You are cordially invited to 'look', even though you are not yet ready to buy.

We are also showing **The Handsomest Tailored Waists Ever Made**—strictly plain or with colored pipings cleverly applied. Prices \$2.75 to \$10.50.

CONCERNING WOMAN.

The year book of the Twentieth Century club is in the hands of the printer ready for distribution early in the club year. The club is entering upon its eleventh year of active club work and the outline in the various departments is such that the club will undoubtedly increase in membership and influence.

The officers for the year are: President, Mrs. F. L. Barrows; first vice president, Mrs. S. R. Holden; second vice president, Mrs. E. C. Berry; third vice president, Miss Ruth Ely; recording secretary, Mrs. S. E. Matter; corresponding secretary, Mrs. Marvin Allen; treasurer, Mrs. S. George Stevens; historian, Mrs. Z. D. Scott; federation secretary, Miss Mary B. Statham.

The special feature of the club year will be the series of lectures to be presented in October by Dr. Nathaniel Tubinham of Chicago. The series of twelve lectures will include discussions of Ibsen, George Bernard Shaw, Shakespeare, Hauptmann, Sudermann, Walt Whitman and Oscar Wilde.

Of the department of literature, Mrs. L. E. Marshall is chairman and Mrs. L. K. Daugherty is secretary. The Thursday Morning Shakespeare class, which is a part of this department, will meet the first and third Thursday mornings of the month beginning Oct. 15. The study will include the reading of a Greek play, the study of "Hamlet" and "As You Like It."

The Browning class, which has been so popular a feature of the club year, will again be conducted by Rev. J. W. Powell. The first lecture will be given Friday morning, Nov. 6, and will continue on consecutive Friday mornings.

A short course in Ibsen will be held in January, with Mrs. Marvin McCann as leader. "Brand" will be studied.

The German literature class, with Mrs. J. P. Warren as leader, will hold the first meeting Oct. 13. Translations of "The Ring of the Nibelungen," "Parsifal" and "The Swan Song" will be studied during the year.

The department of Home and Education has as its chairman Mrs. J. H. Crowley, and its secretary is Mrs. L. A. Larsen. The Travel class, the principal feature of this department, will meet the first and third Tuesday afternoons of the month from October to March.

The art department is a new form of the club work and a class will be organized in the fall for the study of art history. The class will meet the second and fourth Wednesdays of the month at 10 o'clock in the mornings. The study for the year will be the Renaissance in Italy. The chairman of the department is Mrs. E. A. Silberstein, with Mrs. Julius H. Barnes as secretary.

The officers of the department of philanthropy and reform are: Chairman, Miss Jennie Moody; secretary, Mrs. H. C. Marshall.

Mrs. A. M. Gow is chairman of the department of music with her assisting committee, Mrs. Harry Strong, Miss Dora Swan, Mrs. G. Herbert Jones and Miss Abbie Upham.

The officers of the evening department are Miss Ruth Ely and Miss L. A. LeVelle. The plays to be studied are "King John," "Richard II," "Henry V.," "Richard III," and "Henry VIII."

The opening function of the club year will be a reception the first Monday of October in honor of the club president, Mrs. F. L. Barrows, and the founder of the club, Miss Mary B. Statham. The affair will be held at the home of Mrs. Z. D. Scott of 2125 East First street.
